## Conflict of interest issue brought forth at Open Forum

Councillor Rose Bertrand (File Photo)

By Mario G. Lafrenière  
Taxpayers confronted Township Council and administration at an Open Forum held on February 14th, 2011, with allegations of conflicts of interest involving Councillor Rose Bertrand.

In a council meeting held on January 10th, 2011, Councillor Bertrand nominated Graham Bertrand to sit on the Chapleau Public Utilities board as a member at large. Mr.

Bertrand happens to be the councillor's spouse. Earle Freeborn and Larry Donivan succeeded in attaining a position on the board.

It would appear that Councillor Bertrand's actions could have been contrary to the Indirect Pecuniary Interest Act, which states that:

*'For the purposes of this Act, a member has an indirect pecuniary interest in any matter in which the council or local board, as the case may be, is concerned, if, (a) the member or his or her nominee,*

*(i) is a shareholder in, or a director or senior officer of, a corporation that does not offer its securities to the public,*

*(ii) has a controlling interest in or is a director or senior officer of, a*

*corporation that offers its securities to the public, or*

*(iii) is a member of a body, that has a pecuniary interest in the matter; or*

*(b) the member is a partner of a person or is in the employment of a person or body*

### Responsibility- Pecuniary Interests

All members are covered by the Municipal Conflict of Interest Act. Responsibility includes:

- members must disclose any direct, indirect or deemed pecuniary interest they have in matters before council
- members must abstain from voting and must not attempt to influence members before, during or after the meeting
- if the meeting is closed the member must leave the meeting

*that has a pecuniary interest in the matter. R.S.O. 1990, c. M.50, s. 2."*

*"Spouse" means a person to whom the person is married or with whom the person is living in a conjugal relationship outside marriage. ("conjoint")*

**"Interest of certain persons deemed that of member":**

*For the purposes of this Act, the pecuniary interest, direct or indirect, of a parent or the spouse or any child of the member shall, if known to the member, be deemed to be also the pecuniary interest of the member.*

During the January 10th Council meeting, Councillor Bertrand participated

in two deliberations, and in doing so, may have contravened the Conflict of Interest Act.

Firstly, Councillor Bertrand nominated her husband to sit on the Board of the Chapleau Public Utilities Corporation. Secondly, Councillor

*matter is the subject of consideration, the member;*

*(a) shall, prior to any consideration of the matter at the meeting, disclose the interest and the general nature thereof;*

*(b) shall not take part in the discussion of, or vote on any question in respect of the matter; and shall not attempt in any way whether before, during or after the meeting to influence the voting on any such question. R.S.O. 1990, c. M.50, s. 5 (1).*

*In such cases, the Conflict of Interest Act provides possible consequences should a Councillor be deemed culpable of Conflict of Interest:*

*(a) the seat of the Council member is declared vacant;*

*(b) may disqualify the Council member from being a member during a period thereafter of not more than seven years; and may, where the contravention has resulted in personal financial gain, require the Council member to make restitution to the party suffering the loss, or, where such party is not readily ascertainable, to the municipality of which he or she is a member.*

In some cases, it could be construed that a Councillor could possibly be unfamiliar with the Conflict of Interest Act, given that

their term of office had only started a month prior. Councillor Bertrand is now in her second term of office, and as such, this assumption would be difficult to support.

The citizens present at last Monday's Council meeting did not directly demand Councillor Bertrand's resignation, although there remains an expectation that the law will be followed accordingly, and that consequences will be applied to appropriate measures.

Conflict of interest matters for council members are dealt with under the Municipal Conflict of Interest Act. A councillor must, among other things, declare at a council meeting certain pecuniary (financial) interests that he or she may have in any matter before council at that meeting. If a councillor fails to declare him or herself in conflict, then any local elector may file a complaint that will be heard by an appointed judge.

This issue creates an unfortunate situation for our new council as they begin this new four-year term with what would appear to be diminished transparency and accountability. How the Township Council deals with this issue remains to be seen.

## LETTERS TO THE EDITOR

### Integrity in question

I'd like to address an item found in the Jan. 10th town council regular meeting's minutes concerning undisclosed conflict of interest. I am referring to the article on p. 4 of the Jan. 10th minutes, where a member of council nominated a family member to the Chapleau Public Utilities Board of Directors.

Does the public know that this same council member had been previously appointed to the Chapleau Utilities Bd. and then, on January 10th, this same council member had the temerity to nominate her spouse on this same committee? Then she proceeded to vote for him. Note\_\_she did not declare any conflict of interest at the beginning of the meeting. A total of 3 infractions.

When a person is elected by the community as a council member one should expect that council member to behave with integrity. I believe this integrity is greatly questioned and it is quite evident that this council member is in blatant conflict of interest.

I can assure you that the town administrator does hand out a copy of the Municipal Conflict Interest Act, a provincial law, to members of council at each council meeting. At the beginning of each meeting, they are asked to declare any disclosure of conflict or pecuniary interest. It is the responsibility of each member to disclose a conflict. In general, if a councillor has a pecuniary interest in a matter before Council, s/he is required to disclose that interest and then refrain from influencing the vote. That is, the councillor may not comment on the matter or vote on it, nor should the councillor attempt to influence or discuss the matter with other councillors before, during or after the meeting.

It is NOT the responsibility of the other town council members, nor the responsibility of the town administrator to declare another in conflict. However, IT IS the responsibility of the ratepayers to pay attention to these matters and to declare conflict of interest.

When I read the minutes and this item came to my attention, I immediately contacted the Ministry of Municipal Affairs and Housing at their North Eastern regional office in Sudbury to ask what were the procedures following a non-declared conflict of interest in municipal affairs. There are two ways to approach this, I was told: 1) call a lawyer and go to court which is too expensive for me; 2) meet with the Community Integrity Commissioner and ask for the code of conduct and ask that procedure be followed.

At Monday's open forum with

council, I learnt that Chapleau does not have a Community Integrity Commissioner nor does it have a code of conduct in the case of undeclared disclosures. You, the public, as taxpayers, should be aware of the pitfalls.

This community must profit from this experience; this would be a great opportunity for the town council to establish a code of conduct in matters of conflict of interest. It should also appoint an impartial arbitrator named Community Integrity Commissioner whose role will be to investigate if people have not followed the code of

conduct and make recommendations to the town council concerning the actions to be taken in matters of non-declared conflict of interest.

Furthermore, I would recommend that the minutes of each town council

meeting be published in the Chapleau Express. Many people do not use the computer. What each one of us does to ensure justice and integrity is everyone's responsibility.

# Willie Memegos rose from labourer to Chapleau public works superintendent as well as being winter carnival backpacking champion for years

## Chapleau Moments

by Michael J. Morris

When William "Willie" Memegos and his brothers started as employees of the Township of Chapleau about 1949, they were working as labourers on the installation of the new sewage system. The pay was twenty-five cents an hour and in those days there were no coffee breaks.

Years later, after Willie became the public works superintendent, he would share stories of those days with me always paying tribute to J.M. "Jack" Shoup, a member of council and public works committee chair, who would bring the work crews jugs of water on a hot summer day.

Willie's brothers Baptiste and Adam also worked for the municipality for years, and in the view of many, Baptiste was the best grader operator there ever was. I can still hear the sound of the grader moving snow, clearing the roads in the middle of the night during the winter months.

Someone once told me that Baptiste was able to "to manoeuvre this machinery with the precision of a diamond cutter" and it sure was true.

When the Memegos family first arrived in the Chapleau

area early in the 20th Century, they lived along the Nebskwashi River, an area where I loved to walk, and I have always felt privileged that Willie had once told me, "You can walk on my land anytime."

I used to spend countless hours walking in the bush which some may call the forest, or the woods, but to me it will always simply be the bush. I had started going there as a young boy, with my grandfather, George Hunt when he would take me along blueberry picking. It continued as an adult. The Memegos family always watched out for my grandfather who was still picking blueberries into his seventies.

For my walks I would leave from our home on Grey Street, go over the "Indian Bridge" across the "back river" (Nebskwashi River) and head off to Pellow's Field or Corston's Farm, or just walk in the bush.

Shortly after I became reeve of Chapleau, we needed a new township public works superintendent and were not satisfied with the applications we had received. Councillors Ernie Gilbert and Dr. G.E. Young suggested to me that we ask Willie if he

would like the job.

Ernie was the legendary public works committee of his day on council, who would never hesitate to arouse me on a cold winter's night to accompany him to a home where the water had frozen, and the public works crew was on hand at maybe 50 below F.

Willie had not applied but when we asked if he would like it with the option that he could return to the position he had as foreman at any time, and so, he accepted the position. And Willie never returned to his old job!

Willie would come to chat with me almost every day that I was at the Town Hall/Civic Centre, and gave me the benefit of his wisdom and guidance on all manner and sorts of things. He was a man of few words but he was always right on.

He would also lobby in his own way for projects like doing sidewalks and having a township crew undertake the installation of water and sewer, and a new road to the new Chapleau General Hospital.

Willie convinced me and council agreed to let the township public works department assume responsibility. The plan had been to contract it out.

One day Willie came into my office and said I had to stop construction according to the engineer's drawings because they were wrong. A change must be made. This led

to a flurry of phone calls between us and the engineer's office, and it turned out that Willie was right and the engineer wrong! When I asked him how he knew, he replied simply, "I have a good eye."

Willie and his brothers worked on the original installation of the sewer system in Chapleau and over the years had become experts from practical experience.

When Ontario Premier Bill Davis visited Chapleau in 1975, Willie conducted the tour which included the premier, members of council and hospital board as well as many members of the provincial news media. The media was really along because Mr. Davis had announced a provincial election that day in Timmins, and then flew to Chapleau for a visit. We did get some coverage in the Toronto newspapers as a result.

Willie and his family members also loved sports and for years totally dominated canoe races and other water sports.

Willie also would win the backpacking contests at the winter carnival where participants started with a large canvas pack and walked a set distance where more weight was added. He long outwalked all other participants with weights the most could never lift let alone endure.

They also enjoyed broomball and hockey and one time played on a team called Robin's Hoods.

Although I had walked on the Memegos family land, I had never asked permission to do so. So one day when Willie and I were out on a tour of the municipality I

asked him and he gave permission.

On future walks when I would reach the crook in the road entering the Memegos family land I would think of Robert Frost's poem 'The Road Not Taken' and reflect on the poet's words that "two roads diverged in a single wood" and think that so often we take the road less travelled by, and that makes all the difference in our lives.

The contribution of Willie Memegos and his brothers to Chapleau, made all the difference in the lives of citizens in all kinds of weather. My email is mj.morris@live.ca

## LETTERS TO THE EDITOR

Since the month of February is deemed Heart & Stroke month, I would like to share my experience of suffering a TIA in the past year.

In 2010, I suffered a Transient Ischemic Attack (TIA) or mini stroke. Most TIAs leave no permanent damage, however, in my case I was diagnosed with Dysarthria.

Dysarthria is a speech problem due to weakness, slowness or poor coordination of the muscles used for

speaking. At times my speech is slurred and may be difficult to understand. These symptoms are prominent particularly when I am tired or anxious, and yes, I have also experienced all the emotional ups and downs that come with suffering a stroke.

Although my family and friends have been aware of my diagnosis, I have not made it publically known, for personal reasons.

I am continuing

my speech therapy and I am positive, with time, my speech will return to as normal as possible.

With the encouragement and support from family and friends which I am forever grateful, I will not let this bump in my life change my drive to carry on with my vision and ambitions for the future.

If you wish to read up on TIA's, the Heart & Stroke website provides further information.

Thank you, Mr. Editor, for this space in your newspaper.

# Hughes brings growing cry for liberation therapy to Parliament

OTTAWA – Many Canadians living with MS see hope in the Chronic Cerebro-Spinal Venous Insufficiency (CCSVI) surgery treatment and feel it should be made available in Canada, according to Carol Hughes.

The MP for Algoma-Manitoulin-Kapuskasing brought that message to parliament today as she tabled a large petition that called on the Minister of Health to make CCSVI, also known as liberation

therapy or the Zamboni treatment, available to more Canadians by making it available in Canada.

The procedure itself is relatively common for non-MS patients with blockages in their veins. Developed by Italian Dr. Paolo Zamboni with early reports of significant improvements for MS patients, the treatment has become a beacon of hope in the MS community.

Currently, people who want

liberation therapy have to travel abroad because it has not been approved by Health Canada. The high cost of travel and the treatment itself mean that only MS patients with enough money are able to receive it.

“Mr. Speaker, it is clear that a great many individuals with MS want the procedure,” Hughes told the House of Commons. “A good portion of those are only held back by the tremendous cost of receiving the treatment

abroad.”

“It is time for the Minister to stem the tide of Canadians who are travelling abroad to receive Liberation Therapy and make this otherwise common surgical procedure available to Canadians, in Canada,” said Hughes. “They feel it would help remove the expensive burden from the patients and also allow for better follow-up care.”

The petition was the product of hard work by Kapuskasing resident Louise Lamontagne who travelled abroad to receive the treatment in January of this year.

“I think that it’s sad that we have to go out of the country to get a small treatment like this,” said Lamontagne

# CHS 90th Anniversary Reunion Festival –A Progress Report

By George Evans

In the midst of the winter snows of 2010-2011, plans are proceeding for the July 1, 2012 weekend's celebration of Chapleau High School's 90th Anniversary Reunion Festival.

Gram Bertrand has accepted the fact that he is the Reunion Committee's Chairman.

At its regular meeting on February 7, the Town Council passed a motion to make the CHS 90th

Anniversary Reunion Festival group a Committee of the Town Council. This underlines that the celebration of the 90 years of Chapleau High School's presence in the community is an occasion for all the people of Chapleau to greet old friends, remember old times, and strengthen ties between those who are still here and those who have made a life elsewhere.

If one is a former student or teacher of C.H.S. or

E.S.C.H.S., so much the better. If one is currently a student or teacher of C.H.S., you too must participate and start to think about the reunion of 2012. If one is none of the above, you are equally welcome to join next year's party. We're all family here.

At the Reunion Committee's meeting of February 9, the Reunion's logo was selected from an array of attractive and well-thought-out entries. The winning design was submitted

by Wayne Desbiens of Chapleau and will be published in due course.

Chairpersons are being sought for some subcommittees of the Reunion Committee. Be prepared to serve. Your community needs you!

Speaking of serving, the Bar subcommittee, is looking for bartenders who either have Smart Serve qualifications or who are prepared to take the Smart Serve course. Earle Free-

born, Chairperson of the Bar subcommittee, would be delighted to hear from you.

Reaching all out-of-town former students and teachers is a major challenge. All readers of the Chapleau Express can help by making their friends scattered throughout the world aware of the planned Reunion on the July 1st weekend, 2012. Email them, Facebook them, Tweet them, or telephone them. Encourage

them to get in touch with Rose Bertrand at rose\_bertrand@hotmail.com..

Finally, Doug Greig, P.O. Box 51, is seeking photos and memorabilia that could be used to publicize the 90th Reunion. Please let him know what you have and would be willing to share.

Next Meeting: Wednesday, February 23, at 6:30 p.m. in the Council Chambers at the Civic Centre. All are welcome.

# La francophonie en folie

**LA SEMAINE DE LA FRANCOPHONIE S'EN VIENT À GRANDS PAS...  
ALORS, LES MEMBRES DE L'AFEC VOUS PRÉSENTENT UNE VARIÉTÉ D'ACTIVITÉS!**

## RIRES ET DIVERTISSEMENT GARANTIS

Le Centre culturel Louis-Hémon vous présente « Le Blues des Urinoirs » le **samedi 5 mars à 20 heures** au **restaurant Aux Trois Moulins**.

*Le Blues des Urinoirs* est un show à sketches basé sur l'improvisation et

l'interaction avec le public. Le « squelette » du spectacle est toujours le même, mais jamais une soirée du *Blues des Urinoirs* n'est identique à la précédente. Les comiques adaptent leur jeu aux réactions spontanées de l'auditoire.

Fous et audacieux, les gars du Théâtre Interactif Comique n'ont pas connu les bancs de l'École Nationale : ils ont appris à l'école du public. À chaque représentation du *Blues des Urinoirs*, ils embarquent le monde avec eux, ils façonnent leur jeu et mettent à l'épreuve leur sens de la répartie et du timing.

Les gars du *Blues des Urinoirs* continuent de s'amuser, de rire et de faire rire depuis plus de 10 ans pour le plus grand plaisir de ceux et celles qui s'aventurent près de leurs urinoirs. En effet, depuis la fin des années 90, les gars du *Blues des Urinoirs* parcourent le Québec, l'Ontario francophone et le Nouveau-Brunswick.

*Le Blues des Urinoirs*, c'est 90 minutes de rire ou plus, garanti peu importe la saison et l'endroit.

*Au plaisir de vous voir!*

## SOIRÉE CINÉMA

L'AFEC vous présente les deux émissions de *Village et visage*. Près de vingt ans séparent les deux émissions, alors ça s'annonce bien pour une belle soirée! Gyslain Plourde, mieux connu sous « le Serin », Alfred et Arthur Leclerc, les violoneux, M. Côté et Blackburn, Denis Rochon, Diane Jean, Joseph Gagné et Camil Robitaille sont les vedettes! Alors, venez passer la

soirée avec nous à l'École secondaire catholique Trillium le jeudi 10 mars à 19h30.

Nous aurons aussi des exemplaires des livres *Le salut de l'arrière-pays*, *figures légendaires*, *révélations imaginaires et humour crucifère du Nord de l'Ontario*, et *Nés dans le brin de scie - la famille Lafrenière*.

## UN TÉLÉTHON QUI PASSERA À L'HISTOIRE!

À l'occasion de son 25<sup>e</sup> anniversaire et dans le but d'augmenter son capital, la Fondation franco-ontarienne (FFO) met en œuvre une grande campagne de financement. Avec l'objectif d'amasser plus d'un million de dollars, une diffusion télé pan

canadienne en simultanée sur Internet, une équipe de professionnels qui comptent énormément d'expérience et la présence des plus grands noms

de la chanson franco-ontarienne, le téléthon du 25e sera sans aucun doute l'une des plus grandes productions de l'histoire de l'Ontario français.

Les plus grands noms de la chanson franco-ontarienne seront de la partie dont Robert Paquette, Michel Bénac, Damien Robitaille, Manon Séguin, Anique Granger, Paul Demers, Amélie Lefebvre, Serge Monette, Jean-Guy Chuck Labelle, Mélissa Ouimet, ZPN, Stef Paquette, Tricia Foster, Cindy Doire, Andrea Lindsay et Mini

TFO. Éric Robitaille, Mathilde Hountchégnon, Gisèle Quenneville et Hugues Beaudoin-Dumouchel animeront l'émission télévisée.

La Fondation désire continuer son engagement auprès d'événements à succès, tels que les Jeux franco-ontariens de la FESFO, les journaux étudiants, le Festival de la chanson en milieu scolaire *Quand ça nous chante*, le Concours provincial de français ainsi que les projets communautaires. **FormationPLUS a reçu à maintes reprises des fonds de la FFO pour des projets tels que « J'écris, tu écris... nous lisons! », « Ma francité...hier, aujourd'hui et demain ».**

## SOUPER « MARDI GRAS »

Étant donné que « Mardi gras » tombe durant la Semaine de la francophonie et que le « souper Mardi gras » en 2009 avait été un énorme succès, l'AFEC a décidé de l'organiser de nouveau. Le souper aura lieu le mardi 8 mars à 17h à l'École secondaire catholique Trillium.

Au menu: crêpes, œufs, saucisses, jambon, fèves au lard, gâteaux, fruits... Le coût d'entrée varie selon le groupe d'âge (0\$ à 8\$ l'assiette).

Pour plus de renseignements ou pour acheter des billets, veuillez appeler Diane au 705.864.1126 ou Lilianne au 705.864.2763.

### Fait intéressant :

Comme on ne pouvait pas consommer de gras pendant le carême, le Mardi gras, les gens utilisaient ce qui leur restait de graisse et en profitaient pour faire des beignets. On faisait aussi des crêpes pour utiliser les derniers œufs.

## LA FRANCOPHONIE ONTARIENNE: D'HIER À AUJOURD'HUI

L'exposition *La francophonie ontarienne : d'hier à aujourd'hui* reconnaît et célèbre l'histoire de la francophonie ontarienne et souligne sa contribution au développement de la province.

Le projet est une initiative de l'Office des affaires francophones et a été développé en collaboration avec le Muséoparc Vanier qui a effectué la recherche et le graphisme. Chaque panneau représente une époque marquante de l'histoire franco-ontarienne. Les panneaux couvrent les neuf thèmes suivants :

- \* Les Français aux Pays-d'en-Haut
- \* Les Canadiens
- \* Les Canadiens français
- \* Les Canadiens français de l'Ontario
- \* Mouvements franco-ontariens
- \* Loi sur les services en français
- \* Notre place
- \* Les Ontariens et Ontariennes
- \* Les francophones de l'Ontario

*Vous pouvez venir la voir dans le foyer de l'École secondaire catholique Trillium d'ici la fin mars.*

# Creating Thousands Of New Jobs In Northern Ontario

More than 3,200 new jobs were created with support from the Northern Ontario Heritage Fund Corporation last year.

This includes:

- Entrepreneurs and

youth who put their ideas into action to start their own businesses

- Existing enterprises that grew and provided new job opportunities

- Communities were

expanded and public infrastructure was updated, creating jobs and offering new services for families and residents.

New jobs have been created for northerners in diverse fields such as manufacturing, health care and information technology. This support is part of the government's five-year Open Ontario plan to create jobs and economic opportuni-

ties in Northern Ontario.

"These NOHFC investments demonstrate the McGuinty government's commitment to diversifying the northern economy and helping northerners, particularly our young people, grow their families and careers close to home," said Michael Gravelle, Minister of Northern Development, Mines and Forestry and

Chair of the NOHFC

"We are a company that employs six staff that otherwise may not have had the same growth success without the NOHFC programs. It has given us the financial security to take on new staff and to keep them working for a longer period of time," says Vince Rutter, Rutter Urban Forestry Limited, Thunder Bay

In 2010, the NOHFC invested \$158.2 million in approximately 1,010 projects which generated more than \$814 million in direct expenditures across Northern Ontario.

Since 2005, 1,950 job placements have been created in the North through the NOHFC'S Youth Internship and Co-op Program, including more than 500 in 2010 alone.
