Come Celebrate National Aboriginal Day on June 21st

By Patricia Tangie
December 1995, Elijah Harper hosted a Sacred Assembly in Hull, Quebec, where a national day to recognize Aboriginal peoples and their contributions to Canada was discussed. On June 13, 1996, former Governor General Roméo LeBlanc declared June 21st as National Aboriginal Day. Aboriginal people and the Federal government chose this date because the summer solstice holds special

significance for many Aboriginal peoples throughout the world. Since its humble beginnings, celebrations and events have taken place from coast to coast throughout the Nation - 2010 is no exception.

In Chapleau, local First Nations, schools, Aboriginal organizations and citizens at large have come together to organize a day where all people can celebrate. Everyone is welcome to join in the festivities beginning with a Sunrise Ceremony

at approximately 5:15 am at the Turtle Lodge on the Fox Lake Reserve. For those who have not yet participated in a Sunrise Ceremony, greeting the Sun and giving thanks for His warmth, light and life is a beautiful way to begin your day.

An intercommunity breakfast at the Hall will follow, as well as the Nishnawbe Aski Police Services (NAPS), bike rodeo between 9:00-10:00 am. The Brunswick House First Nation bus will make it possible

for individuals to travel to Fox Lake and from there to the Mini Powwow for the 11:00 am Grand Entry at the Chapleau High School.

The Mini Powwow is a scaled down Powwow tailored to fit into the school day. Students and other participants will have the opportunity to hear traditional drumming, see and partake in traditional dance and learn some of the important differences and similarities that combine to make an evolving understanding of

respective cultures so important to advancing our understanding of all of humankind.

Head Dancers are all local individuals. Host Drum for this occasion will be White Stone Cree Singers and guest Drum will be Lightning Drum Singers.

If you have to work and can't be part of the full celebration, feel free to come up to the High School and sample Indian Tacos or Scone Dogs for lunch.

At 2:30 when the Powwow ends, the bus will bring folks

back to Fox Lake where the annual bingo will commence at 3:00 pm at the Isaiah Saylor's Hall. A pot luck supper will be held from 5:30-7:00pm, then drumming at the Turtle Lodge, stories and teachings culminating in the day's Sunset Ceremony.

National Aboriginal Day 2010 promises to be Chapleau's most intercommunity June 21st celebration yet!

What better way to welcome summer on its first full day.

"Safe Kids Day" a Success!

By Trish Hamill
National "Safe Kids Week" was held from May 31st to June 5th 2010.

This year's focus for Safe Kids Week was helmet safety. To help celebrate and promote community safety

community partners organized a "Safe Kids Day", which was held Saturday June 5th from 11-2pm at the Moore Arena. Families had an opportunity to learn about Sun Safety from the Sudbury and District Health Unit and Bear Safety from the MNR, as well as register their children for baseball and ball hockey. The Sudbury and District Health Unit also provided a "Helmet Check" to ensure all bike helmets are being worn correctly. Many children participated in the bike

rodeo provide by the O.P.P. Every child that participated in the bike rodeo was entered in a draw to win a free bike and helmet. The Chapleau Best Start Hub offered a colouring contest and provided everyone with a piece of "Safe Kids Day" cake made by Ethel Orton. The Chapleau Public School Parent Council had a barbecue to raise money for their school. Thank you to everyone who attended and a special thank you to all groups that helped to make this day a success!

Emma Hamill presented a new bike and helmet to winner José Hebert on behalf of Collins Home Hardware and Trish Hamill presented a new bike and helmet to winner Ben Williams on behalf of the Chapleau Best Start Hub.

LETTERS TO THE EDITOR

I thought I'd said everything about respecting nature but it seems something still needs to be said!
ANIMAL CRUELTY IS A CRIME!

I found many things on the river, I thought I've seen it all. Tuesday afternoon a young cat was found floating dead on the river grasping on a branch. It was a very emotional moment for me as I was thinking of my own 2 cats that I love dearly throughout this experience. I couldn't believe how

heartless someone can be to throw a cat over the Austin bridge and let it die. I am having difficulty to express myself and use discreet language for this letter. I want all animal cruelty offenders to know that this is DISGUSTING, HEARTLESS AND INHUMAN! To whom this cat belonged to this is a personal message from me: I hope you are happy that I cried every tear left in my body as I buried your cat. I hope that you are

proud of what you've done. I hope you know that a youth citizen of Chapleau has found your cat in a disgusting state that I cannot describe. I hope you are happy to know that I buried the body of your cat in a safe place. I hope you realised that I will never forget this moment for as long as I

live. I hope you are happy to know that at least someone cared. My last words to this poor cat is: Rest in peace even if I didn't get to know you, I hope you know that someone loved you and cared.

TRIBUNE LIBRE

Je pensais que j'avais tout dit au sujet de respecter la nature, mais semble-t-il que quelque chose doit-être encore dit!
LA CRUAUTE DES ANIMAUX EST UN CRIME!

J'ai trouvé beaucoup de choses sur la rivière cet été, je croyais avoir tout vu. Mardi après-midi un chaton de 6 à 8 mois a été retrouvé flottant sur la rivière mort saisi sur une branche. Ce fut un moment très émouvant pour moi car je pensais à mes 2 chats que j'aime beaucoup. Tout au cours de cette expérience, je ne pouvais pas croire à quel point une personne peut-être insensible à jeter un chat comme ça en bas du pont Austin et de le laisser là à mourir. J'ai de la difficulté à exprimer et d'utiliser un langage respectueux dans cette lettre. Je veux que tous ceux qui font cette acte de cruauté envers les animaux saches que ce c'est dégoûtant et ingras, impitoyable et inhumain! Pour la

personne qui appartient ce chat ceci est un message personnel: j'espère que vous êtes heureux que j'ai pleuré toutes les larmes de mon corps à enterré votre chat. J'espère que vous êtes fière de ce que vous avez faite. J'espère que vous savez qu'une jeune citoyenne de Chapleau a trouvé votre chat dans un état "Pénible" je ne peux pas vous le décrire. J'espère que vous êtes heureux de savoir que j'ai enterré le corps de votre chat dans un endroit sécuritaire. J'espère que vous avez compris que je n'oublierai jamais ce moment aussi longtemps que je vivrai. J'espère que vous êtes heureux de savoir que quelqu'un avait bon coeur. Mes derniers mots à ce pauvre chat est: Repose en paix petit animal domestique même si je ne t'ai pas connu, tu resteras gravé dans ma mémoire et mon coeur à tout jamais, tu le sais maintenant que quelqu'un t'aime.

Official opening of Chapleau-Timmins Highway 101 connection in 1962 called 'banner day' in Northern Ontario history as aerial bombs exploded everywhere

The Chapleau-Timmins Highway 101 connection was officially opened 48 years ago on June 23, 1962, with citizens awakened by the sound of aerial bombs exploding everywhere, making it a "banner day" in the history of Northern Ontario.

Ken Encil was in charge of the explosive start to the activities while Jack Baker, president of the Chapleau Chamber of Commerce, commented that the committee had gone "to great lengths to make this a banner day in the history of Northern Ontario, as indeed (the road) is making history for this part of the country.

Monster dances had been held the previous evening with the teenage dance on Pine Street across from the old Chapleau High School which had been illuminated with coloured lights and the adult dance in the Royal Canadian Legion Hall. The very popular Jim Lane was the master of ceremonies and in charge of music for both dances, and let me tell you, it was one great night in Chapleau for everyone. I was home from university for the summer and remember it all like it was only yesterday.

At 8:30 am. Chapleau vehicles proceeded to the Shawmere River, and were directed to stop west of the river and park under the direction of the Ontario Provincial Police. The directions were very specific as Timmins vehicles were to leave that city, not later than eight a.m. to arrive at the Shawmere not later than 10 a.m. and be "parked two cars wide facing west and must stop 300 feet short of the bridge..." A warning, "Don't forget the fly dope," was issued.

At 10 a.m. "sharp" there was a tug of war competition on the bridge between two teams from Timmins and two from Chapleau lumber jacks. I have no idea 48 years later who won, but the Timmins Canadian Legion Band was also there playing numbers before the opening ceremonies began.

Jim Wyatt of Timmins was master of ceremonies, while W.E. Brewer, Jack Baker, and Herb Curnow, presidents of the Porcupine, Chapleau and Foley chambers of commerce, gave short addresses. Rheal Belisle, MPP, introduced W.J. Goodfellow, the Ontario Minister of Highways who

officiated at the official ribbon cutting after which Dr. J.B. McClinton, of Timmins, a pioneer promoter of the highway unveiled an historical plaque. Two years later when I became a reporter at the Timmins Daily Press, I came to know Dr. McClinton and what a great supporter he was of the development of Northern Ontario.

The parade then proceeded to Chapleau, and upon arrival at the outskirts of town, headed by the Chapleau Town Band and with the assistance of the Timmins Legion Band, Timmins Lions Sea Cadet Band, Chapleau High School Girls Bugle Band, Chapleau Pipers, drum majorettes from Timmins, CHS Cadet Corps the procession of vehicles and floats headed into town. It ended up at the Town Hall. Charlie Law and Willard Morrison were parade marshals.

After the parade Balloon Man Ernie Holden and 101 Pennant Man Casey Nowakoski could be found at the beach area where as usual J.M. "Jack" Shoup was in charge of the activities for children. The usual activities associated with Chapleau celebrations took place

with the added attraction of a fire brigade competition on Pine Street between teams from Chapleau, Timmins, Porcupine, Tisdale and Schumacher all organized by Fire Chiefs Ad Andrews of Chapleau and Stanley of Timmins.

A challenge grudge softball game was held between Chapleau council and all stars led by Reeve D.J. "Jim" Broomhead and Timmins led by Mayor Leo Del Villano.

I never seem to have the winners of competitions in Chapleau, so if anyone remembers, please feel free to let me know.

As I look at the program all these years later, it was a non-stop weekend in Chapleau with activities for people of all ages and it brought visitors to the community from everywhere -- or so it sure seems. The organizing committee was chaired by Arthur J. Grout assisted by Ted Demers and Jim Wyatt. Committee members came from every organization.

On the same weekend, the executive of the Sudbury and District Municipal Association held a meeting in Chapleau, and Ontario cabinet minister W.J. Spooner

officially opened the Five Mile Lake Provincial Park.

On Saturday evening as soon as it was "sufficiently dark" there was a fascinating outdoor picture show on two screens organized by Yvon Martel assisted by Ted Demers and Eric Gage while near the end of an amateur show in the town hall auditorium there was a playback of a record made some 10 years earlier by Chapleau proponents of Highway 101. Speakers on it were B.W. "Bubs" Zufelt, the reeve of Chapleau in 1951, and Charles W. Collins, A.E. Evans and Mr. Grout. all citizens who in their time were devoted to the best interests of the community. I wonder if anyone still has this recording, a very important historical document.

A giant fireworks display organized by Tommy Godfrey and his crew brought the day's activities to a close. HEATHER KEDDIE WRITES "Just read the story of the fire and it brought back many memories for me. I am Jim Keddies daughter and

we certainly were in the "thick of things" those couple of days in June. I was 14 at the time and my dad had just received word from the Lands and Forest that we would be moving to Toronto at the end of June and my sisters and I were distraught -- we loved living in Chapleau. The adventure of leaving town and driving to Timmins was just too exciting -- really exciting for my mom who had just passed her driving test -- my Dad's last words as we all got into the car was "do not drive on the shoulder of the road" -- he didn't yet have too much confidence in my mother's driving skills. However my sisters and I still laugh really hard when we recall that my mom packed all my Dad's work clothes and left his suits.

Thank you for bring back memories not only of an incident that could really have been devastating but turned out well but it also reminded me of the greatest place to grow up as a kid. Regards. Heather Keddies. MY email is mj.morris@live.ca

BEARring the consequences

Punished or trapped!

On June 10, Mrs. Reid, from the Bear Management Program, visited Our Lady of Fatima school. What an experience! Students were amazed and learned many facts about these wonderful animals. Mrs. Reid presented an interesting short movie to explain the dangers and precau-

tions humans have to have around bears specially in the Chapleau area. She had a bear skull, mold paw prints that made it all too real for the stu-

dents to see the magnificent size of these animals, and she even brought a skin. Students were interested and had lots of questions.

To wrap up her visit, she invited the kids to try the bear trap and of course everybody volunteered. We decided to have them all in at once!

It has been a presentation that the students will not forget easily. Thank you MNR for your program to keep children SAFE.

CONGRATULATIONS

**AVIS DE REQUÊTE ET D'AUDIENCE ORALE D'ONTARIO POWER GENERATION INC.
EN VUE D'OBTENIR L'APPROBATION DU MONTANT DES PAIEMENTS
POUR SES INSTALLATIONS DE PRODUCTION PRESCRITES**

La Commission de l'énergie de l'Ontario (« Commission ») a reçu une requête d'Ontario Power Generation inc. (« OPG ») le 26 mai 2010 aux termes de l'article 78.1 de la *Loi de 1998 sur la Commission de l'énergie de l'Ontario*, L.O. 1998, c.15, Annexe B, (la « Loi ») en vue d'obtenir l'approbation de l'augmentation du montant des paiements pour la production d'électricité de certaines de ses installations à compter du 1er mars 2011. La Commission a assigné à la requête le numéro EB-2010-0008. La décision de la Commission concernant cette requête aura une incidence sur la plupart des consommateurs d'électricité en Ontario.

OPG entend obtenir une ordonnance de la Commission approuvant le montant des paiements pour la production de ses installations visées par le Règlement de l'Ontario 53/05 de la Loi, tel que modifié. Les installations visées sont les centrales nucléaires exploitées par OPG (Pickering et Darlington), ainsi que les installations hydroélectriques suivantes : Sir Adam Beck I, Sir Adam Beck II, la centrale de pompage Sir Adam Beck, De Cew Falls I, De Cew Falls II et R.H. Saunders. En 2009, la production de ces installations représentait environ 48 % de la demande de l'Ontario en électricité. OPG demande également le recouvrement des soldes des comptes de report et d'écart par l'entremise d'une surcharge et le maintien ou l'établissement de certains comptes de report et d'écart.

OPG indique que, si la requête est approuvée telle que déposée, le montant des paiements augmenterait d'environ 6,2 %. Selon OPG, le consommateur résidentiel qui utilise 800 kWh par mois verrait une augmentation d'environ 1,86 \$ sur sa facture d'électricité mensuelle. Cette augmentation, si elle est approuvée, serait incorporée à la partie « électricité » de la facture du consommateur résidentiel. Cette augmentation est distincte des autres modifications potentielles apportées à la facture d'électricité qui pourraient comprendre des changements à la partie « électricité » provenant d'autres fournisseurs, des changements à la partie « frais de livraison » reliés aux frais de transport et de distribution ainsi que les frais afférents appliqués à la facture.

La Commission a décidé de tenir une audience orale pour traiter cette requête.

Comment consulter les documents déposés par Ontario Power Generation Inc.
Des exemplaires de la requête et des documents déposés avant l'audience à titre de pièces appuyant la requête d'OPG seront disponibles pour consultation publique dans les bureaux de la Commission et dans son site Web, www.oeb.gov.on.ca, ainsi qu'au bureau central d'OPG et dans son site Web, www.opg.com.

Vous pouvez participer à la présente instance de l'une des trois façons suivantes :

COMMISSION DE L'ÉNERGIE DE L'ONTARIO

Original signé par

Kirsten Walli
Secrétaire de la Commission

Ontario Energy Board

Commission de l'énergie de l'Ontario

NOTICE OF APPLICATION AND ORAL HEARING APPROVING PAYMENT AMOUNTS FOR PRESCRIBED GENERATING FACILITIES EB-2010-0008

Ontario Power Generation Inc.

The Ontario Energy Board (the "Board") received an application from Ontario Power Generation Inc. ("OPG") on May 26, 2010, under section 78.1 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15 (Schedule B), (the "Act") seeking approval for increases in payment amounts for the output of certain of its generating facilities, to be effective March 1, 2011. The Board has assigned the application file number EB-2010-0008. The Board's decision on this application will affect most electricity customers in Ontario.

OPG is seeking an order from the Board approving payment amounts for output from generating facilities prescribed under Ontario Regulation 53/05, as amended, of the Act. The prescribed generating facilities are OPG's nuclear generating stations at Pickering and Darlington, and the following hydroelectric facilities: Sir Adam Beck I, Sir Adam Beck II, Sir Adam Beck Pump Generating Station, DeCew Falls I, DeCew Falls II, and R.H. Saunders. In 2009, the output from these stations equalled approximately 48 per cent of Ontario's primary electricity demand. OPG is also seeking the recovery of deferral and variance account balances through payment riders, and continuation and/or establishment of certain deferral and variance accounts.

OPG indicates that, if the application is approved as filed, there would be an average 6.2 per cent increase in the payment amounts. According to OPG, that would mean an increase of \$1.86 on the monthly total bill for a typical residential customer consuming 800 kWh per month. This increase, if approved, would be captured in the "electricity" component of a residential customer's bill. This increase is separate from other potential changes in electricity bills, including other changes to the "electricity" component related to other sources of supply, changes to the "delivery" component related to transmission and distribution charges, and other charges applied to the bill.

The Board has decided to proceed with this application by oral hearing.

How to see Ontario Power Generation Inc.'s Pre-filed Evidence

Copies of the application and the pre-filed evidence in support of OPG's application are available for public inspection at the Board's offices and on its website, www.oeb.gov.on.ca, and at OPG's head office and website at www.opg.com.
