# Youth Committee holds inaugural session

By Jim Prince

The inaugural meeting of the Mayor's Committee on Youth

was held on March 1st and the committee of elected, appointed and other volunteers, including parents, rolled up their collective sleeves and got right down to business in a wide ranging discussion on various youth oriented issues.

The meeting was a fulfillment of an election pledge at the November Municipal Election by Mayor Earle J. Freeborn who declared at the start of the meeting that he appreciated everyone's "commitment and concern about our youth."

Setting the tone at the outset the Mayor stated: "It wouldn't be

wise for us to tell them (youth) what we want to do for them." As the meeting progressed, it became evident the committee is determined to canvass the youth of the community to see what's on their minds. A survey questionnaire is being drafted for approval at the committee next meeting, with the intention of asking the schools for their cooperation in an effort to make direct contact with youth.

While the inaugural meeting of the new committee discussed a plethora of ideas centered on the requirements and desires of the

Committee members. Back row (l-r) Jeff Hamill, Councillor Jacques Tremblay, Mayor Earle Freeborn, Kevin Morris, Councillor Doug Creig, Councillor André Byham. Front row (l-r) Natasha Comte, Trisha Hamill, Brenda Roy, Noella, Roy, Pauline Cloutier, Councillor Keith Swanson, Patrick Brunette.

community's youth, their absence around the table was noted. "We have to address that right away," stated Councillor Keith "Bud" Swanson. It was suggested youth be invited to join the committee and participate in developing plans to facilitate their desires. Several ways to do this were discussed and plans for a direct approach are expected to be laid out at a future meeting.

In the meantime, the first meeting of the Youth Committee created a long list of possible projects.

Topics ranged

from a drop-in center to organized summer playground programs. Several of the parent committee members noted there are many sports activities for youth already and sometimes there are scheduling conflicts, especially during summer. Youth who are going to participate in sports are already involved. It was also acknowledged that when kids get to a certain age it is difficult finding things for them to do.

The Drop-In Center for the youth appealed to some of the Committee members.

"They want to

hang out," said one Committee member, and herself a parent. "They need to be involved in the town. They need something to do," she added. There are people in town who want to help. The lack of volunteers to assist in any activities was viewed by some as an obstacle in future endeavors however; the meeting was optimistic in its view that there are people willing to get involved.

"Council is committed to doing something," stated Mayor Freeborn.

**LETTERS TO THE EDITOR**

I would like to respond to the article which appeared in your paper on March 3, 2007 entitled, "Deputy Mayor booted out of meeting - Community once again left in the dark."

It is important for your readers to be aware that the meeting held with foster parents on March 01, 2007 in Chapleau was a private meeting. Those foster parents present were asked if the Deputy Mayor, local school principal, reps from MCTV, and the Chapleau Express could attend. The foster parents did not want these individuals to participate in this meeting.

By April of 2008, Kunuwanimano Child and

Family Services will hopefully become designated as a First Nation child welfare agency. Clearly, 85% of the cases served by our Chapleau office are First Nation children and it is in the best interests of these children that they be served by a First Nation CAS.

The Minister of Children and Youth Services, the Honourable Mary Anne Chambers, has gone on record that all children must be treated with sensitivity and with respect when it comes to their culture and heritage. The Minister is also committed to the re-allocation of funding to First Nation child welfare agencies and remains

a strong supporter of the legal and constitutional rights of aboriginal people.

On March 01, 2007 in Sudbury, the Board of Directors of the CAS of the Districts of Sudbury and Manitoulin discussed the concerns raised by Mayor Freeborn and they remain steadfast that service delivery to children in the Chapleau area will improve in the long term, with the

eventual transfer of child welfare services to Kunuwanimano. It is our hope that those in positions of authority and influence within the Chapleau community will rally behind Kunuwanimano, as they work towards this goal.

David Rivard  
 Executive Director  
 CAS of the Districts of Sudbury and Manitoulin

##### Approved 2007-2008 Annual Work Schedule for the Superior-Martel Forest

The Chapleau District of the **Ontario Ministry of Natural Resources (MNR)** has approved the Tembec Enterprises Inc. 2007-2008 annual work schedule (AWS) for the Superior-Martel Forest Management Unit. The annual work schedule will be available for inspection at the ministry's Chapleau District Office and Tembec Enterprises Inc. Office (see address below) beginning **March 15, 2007**.

The AWS describes the forest management activities (e.g. road construction and maintenance, timber harvesting, renewal and tending) that are scheduled to occur on the Superior-Martel Forest between **April 1, 2007** and **March 31, 2008**. These activities are consistent with the approved Superior-Martel Forest Management Plan.

The following are some of the operations that are scheduled on the Superior-Martel Forest that may be of particular public interest:

Commercial thinning is being conducted on a trial basis. Fuelwood is available for harvest on this management unit. A mapped summary of the scheduled forest management operations is available along with information on the location of fuelwood areas at the ministry's Chapleau District Office (see address below).

There are no prescribed burns planned on the Superior-Martel Forest during the term of the 2007-2008 AWS other than slash pile burning within recently harvested areas. Areas have been proposed for the aerial application of herbicides.

Access control and road decommissioning activities are scheduled during the term of the 2007-2008 AWS.

Tembec Enterprises Inc. is responsible for tree planting on the Superior-Martel Forest. Please contact Tembec Enterprises Inc. directly for information regarding tree planting job opportunities.

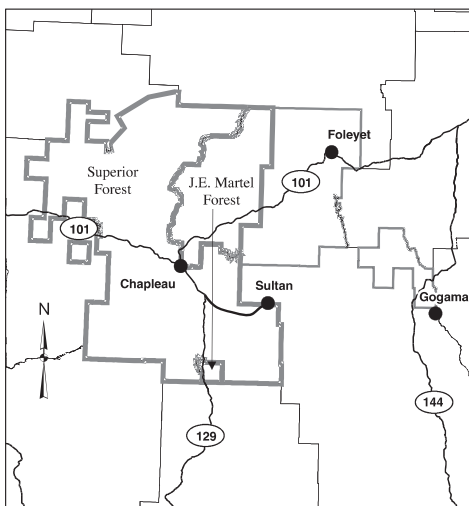

For information on the locations of and licence requirements for obtaining fuelwood for personal use, please contact the MNR Chapleau District Office. For commercial fuelwood opportunities, please contact Tembec Enterprises Inc.

The approved annual work schedule and any subsequent revisions will remain available for public inspection throughout the one-year duration of the AWS. For further information on the annual work schedule and requests to obtain an annual work schedule operations summary map, please contact:

**REPORT FROM Queen's Park BY**

**Mike Brown,**  
Provincial Member of Parliament for Algoma-Manitoulin

**Daylight Savings Time Approaching Faster Than Usual**

Daylight savings time will take place this Sunday, March 11, and if it seems to you like it has arrived earlier than usual, you would be right.

Ontario is among several

jurisdictions that has opted to extend daylight savings time. Beginning this year, daylight savings time will now begin on the second Sunday in March, and end on the first Sunday in November. The extension means that daylight savings time will now start three

weeks earlier than before, and end a week later.

The decision to move daylight savings time in Ontario was made in an effort to maintain the province's competitive advantage by coordinating the time change with our major trading partner, the United States, who recently adopted extended daylight savings time as well. The province looked long and hard at changing daylight

savings time, and an inter-ministerial committee was put together to look at the effect the change might have on trade, energy, public safety and more. Stakeholders and other levels of government were consulted on the change. Ultimately, a majority of stakeholders supported the idea of ensuring our clocks were synchronized with those of our American neighbours.

The United

States has chosen to adopt extended daylight savings time in an effort to help conserve energy, as people are not expected to need their lights on as early in the evening. While there has been some debate as to how much energy this plan will really save, it is notable that Germany became the very first country to adopt the concept of daylight savings time in 1915 for much the same reason.

In Canada, it is

up to each province to decide whether or not to adopt a change to daylight savings time. In Ontario, daylight savings time is governed by the Time Act, legislation that is the responsibility of the Attorney General. Most of the provinces and territories in Canada have chosen to adopt the proposal to extend daylight savings time.

So this Sunday, do not forget to turn your clocks forward one hour.

**STEPHANE DION  
COMMITTS TO  
CORRECTING  
CANADA'S  
AFGHANISTAN  
MISSION**

Liberal leader Stéphane Dion committed to Canadians in a recent speech that he would embark on a principled and constructive way forward on Canada's Afghanistan mission that would see a better integration of military and aid efforts as well as a firm 2009 end date. Mr. Dion began his speech by asking this question. Assume for a moment that we followed Mr. Harper's desire to have Canada

fighting in Iraq, a position he advocated in 2003. His judgment in that case has proven to be very poor. If we had followed Mr. Harper into Iraq, would we stay in that quagmire at any cost in order to support our troops? Obviously not. We owe it to Canadians, to the Canadian Forces and to the Afghan people to do our best today to ensure our mission in Afghanistan succeeds—for Afghans, for Canadians and for the international community.

During his speech, Mr. Dion

outlined the key elements of the Liberal plan, including:

- Committing to end Canada's mission in Kandahar in 2009 and immediately informing NATO of this deadline so that a replacement nation can be found;
  - Better integrating military, aid and diplomacy efforts;
  - Developing an effective strategy to combat the problems stemming from the local economy's dependence on the illegal opium trade; and
  - Addressing the chronic fresh water shortage.
- Under Mr. Dion's leadership, the Liberals would retain the current number of Canadian troops in Afghanistan until 2009 to honour the international obligation undertaken

by the Harper government, but would review the current mission and reserve the option of re-deploying Canada's combat task force to other under-resourced and critical functions in Afghanistan, such as

training the Afghan National Army and additional Provincial Reconstruction Teams. Between now and 2009, the Liberals would adopt a more responsible, integrated strategy in Kandahar, with a greater

development and diplomatic thrust, and with a real effort to win the hearts and minds of the Afghan people, upon whom the mission's success hinges.

## Chapleau Public Library on the way to automation

On Friday, February 9, 2007 in Sudbury, the Honourable Jim Prentice, Minister of Indian Affairs and Northern Development announced a FedNor investment of \$499,965 to support the implementation a central library network server. This funding will be disbursed through Ontario

Libraries Service-North to libraries who are members of the Joint Automation Server Initiative (JASI).

The funding will be used to assist libraries in preparing to put their catalogues on the joint server and to purchase the required hardware. The joint server will enable public libraries across Northern

Ontario to electronically access and share library information and resources. This project will dramatically improve the way small Northern libraries serve their communities and residents. Our local Public Library will be a recipient of a portion of these funds. For more information contact Maureen at the library.

## Chapleau Public School February terrific students

Back: Leah Cyr (School Council), Cole Hamel, Maisie Comte, Ali MacDonald, Toby Hamel (School Council). Front: Kyra Donovan, Gabrielle Drolet, Tuija Berthelot, Sarah Cooke

Chapleau Public School assembly was held on March 02, 2007 to honour the recipients of the February Terrific Student Awards.

The assembly opened with a welcome to all the

students, parents and sponsors and the singing of O Canada.

Certificates and pins were presented to the Terrific Students by Mr. Boucher with Entertainment

provided by Ms. O'Hearn's Grade 1

Class who performed a dance to the music "Alley Cat"

Congratulations to all the Terrific Students.

The next Terrific Student Assembly will take place on April 13th, 2007.

Comments and personal information regarding this park management planning process are collected under the authority of the *Provincial Parks Act* to assist MNR in making decisions and to determine further public consultation needs relating to future park development. Comments and opinions which do not constitute personal information as defined by the *Freedom of Information and Protection of Privacy Act*, will be shared within the MNR and may be included in documentation that is made available for public review. Personal information will remain confidential unless prior consent to disclose is obtained. However, this information may be used by the MNR to seek public input on other resource management surveys and projects. For further information regarding this Act, please contact Tom Mispel-Beyer at 705-949-1231, ext. 288.

Paid for by the Government of Ontario

# McGuinty Government Invests In Future Prosperity For Northern Ontario Communities To Pursue Hosting Opportunities For Support Services

The Ontario government is helping communities across Northern Ontario investigate growth opportunities in the corporate support and shared services sector with assistance from the GO North Investor Program, Northern Development and Mines Minister Rick Bartolucci announced today.

“The McGuinty government is committed to supporting our northern partners as they investigate business and investment opportunities that will help to bring jobs and economic prosperity to the North,” said Bartolucci. “We applaud the partnership among the North’s major economic development corporations to pursue

new investment on a pan-northern scale and to promote the competitive advantages of doing business in the North.”

The Timmins Economic Development Corporation, on behalf of the North’s five major cities and in partnership with Ontario’s North Economic Development Corporation, will receive nearly \$119,000 from the GO North Investor Program to investigate growth opportunities for the corporate support and shared services sector in Northern Ontario.

These services include corporate support services such as accounting, technology support, and other services often provided by specialized third-

party companies. It has been identified as a growth sector for Northern Ontario and shares many of the human resource and infrastructure needs of the region’s successful customer service industry. The corporation will conduct a detailed study to determine the requirements for identifying and attracting back office investment to the North.

This sector presents a high potential for growth in the North and funding is being provided directly from the GO North Investor Program as well as through the Northern Communities Investment Readiness (NCIR) initiative. The NCIR program gives eligible communities, economic development corporations, and First

Nations up to \$5,000 per application for the development of essential and strategic community tools to help increase investment readiness and attract investors. Communities can also partner together on projects and subsequently receive up to \$5,000 for each eligible applicant. Other McGuinty government initiatives that are supporting northern communities include:

- Improving northern highways by investing more than \$1.8 billion over five years in highway expansions and improvements through the Northern Ontario Highways Strategy
- Contributing \$60 million annually to the Northern Ontario Heritage Fund to support community and

economic development. To date, more than \$345,265 in NCIR funding has been provided to 31 initiatives helping to enhance the investment readiness of communities across the North. The GO North initiative is part of the

Northern Prosperity Plan. The plan is founded on four key pillars: Strengthening the North and its Communities; Listening to and Serving Northerners Better; Competing Globally; and Providing Opportunities for All.

## Brown applauds infrastructure funding for Services de santé de Chapleau Health Services \$7,000 To Go Toward Infrastructure Spending

Mike Brown, MPP for Algoma-Manitoulin, welcomed the news that Services de sante de Chapleau Health Services will receive \$7,000 for infrastructure projects.

“The announcement of funding for Services de sante de Chapleau Health Services is good news for both the

organization and its clients,” said Brown. “This investment will help to alleviate any financial burden associated with upgrading the existing infrastructure, and allow Services de sante de Chapleau Health Services to focus on providing programs and services to its clients.”

## Public Inspection

### Approved 2007/2008 Annual Work Schedule for the Algoma Forest

The Ontario Ministry of Natural Resources (MNR) has approved the 2007/2008 annual work schedule (AWS) for the Algoma Forest, located in the ministry’s Sault Ste. Marie and Wawa administrative districts.

The AWS describes the forest management activities (e.g. timber harvesting, road construction and maintenance, site preparation, tree planting and tending) that may occur on a particular area between April 1, 2007 and March 31, 2008.

Public consultation has contributed to the development of the forest management plan for this forest, and therefore this process has not been repeated during the development of the annual work schedule. The ministry has reviewed the AWS to ensure that it is consistent with the approved forest management plan.

A mapped summary of scheduled forest management operations is available (at a nominal cost) upon request from the ministry’s Sault Ste. Marie District Office or Clergue Forest Management Inc. for the Algoma Forest.

The removal of bridge and culvert structures on some forest access roads on the Algoma Forest may occur during the period of April 1, 2007 to March 31, 2008.

The prescribed burning of slash piles has been scheduled for some areas of the Algoma Forest commencing in October 2007.

Aerial application of herbicide has been scheduled as the tending method for chemical site preparation and as the tending method for some areas on the Algoma Forest commencing in August 2007.

Ground application of herbicide has also been scheduled as a tending method on some areas of the Algoma Forest commencing in August 2007.

Tree planting has been scheduled for some areas of the Algoma Forest commencing in May 2007.

For information about the availability of personal-use fuelwood, please contact Clergue Forest Management Inc. or the ministry office at the addresses below.

Any contentious areas resulting from a request for an individual environmental assessment, received by the Ministry of the Environment during the public inspection period for the approved 2005-2025 Algoma Forest Management Plan, will be removed from this approved AWS before implementation.

The AWS and any subsequent revisions to the AWS, is available for inspection during normal office hours at the addresses below beginning March 16, 2007 and throughout its one-year term, April 1, 2007 to March 31, 2008.

For further information on the annual work schedule for the Algoma Forest, please contact Gary Raines, Management Forester, at the ministry’s Sault Ste. **CHADWIC HOME, FAMILY RESOURCE CENTRE**

Offers shelter, emotional support, and information for women and their children who are in crisis situations. We have a Toll Free Crisis Line which is staffed 24 hours a day. We can arrange for free transportation to the Centre for women who live in the Algoma/Chapleau area. We also offer support to women who live in the communities of Chapleau, White River, Dubreuilville, and Hornepayne through our Outreach Program. Our Outreach Worker travels to those communities to meet with women who need emotional support as well as information about their rights and options. If you need to speak with the Outreach Worker when she is in your community, you can call the Centre at any time to set up an appointment. You do not need to be a resident of the Centre in order to use our services. If you need someone to talk to or if you just need someone to listen, call our Toll Free Crisis line at 1-800-461-2242 or you can drop in at the Centre. We are here for you.

# Tembec Atoms bring home the gold from Sault extravaganza

The weekend of March 2-4 will not be forgotten by far. It started with our first game on Friday night at 8:00 p.m. The boys came out full steam

and won their game against McDonald's 5-1. With a good night's rest and a few laps around the pool, their second game was a victory against A.J.

Bus Lines 5-1. With so many teams in our division, the boys new they had to win the next game or they were going home, so they stepped it up a notch

even higher and beat Soo Police 4-2. This put them into the semi-finals.

With butterflies in their stomachs, they gave it their all and won themselves into the finals with an astounding score of 8-

1 against Burger King.

The final game was against Blind River Ice Dogs and started off with us scoring in the first period. Blind River came back and evened up the score. With less than a minute left in the

third period, the boys pulled out all the stops and made it 2-1 winning the final game!!

Congratulations boys on being champions!

Coaching Staff and Parents
