Please Help! Respect Nature!

By **Kassandra-Anne Demers**

I want to speak on behalf of mother Earth. I am giving a voice to our plants, our animals, our rivers and lakes. I am a young Chapleau citizen who wants to bring forward an alarming problem. The other day I went out with my canoe going west on the Chapleau River towards Austin bridge.

I wanted to enjoy the wonderful sounds and sight of nature. To my surprise I kept finding numerous amounts of trash on the river bends. I've seen tangled garbage bags on beaver houses, I picked up several aluminum cans and glass bottles, I also found a hard hat, an old alarm clock, and a large plastic container. Let's not forget the lazy boy chair still

floating at the bottom of the "S" bridge. This was a result of a full garbage bag of trash picked up west of the river. Do you know how long it takes for aluminum cans to biodegrade? What about glass bottles? And plastics? Just aluminum cans take 50 to 100 years to biodegrade. This is a problem! Nature can't keep up with us using it as a landfill. On

behalf of our natural resources I call for help. **Please pick up your trash and respect nature.** Think about your kids and your grand children. Do you want them to continue enjoying our natural resources or do you want them to walk on a landfill of what use to be a beautiful creek, a trail or a river. Please help, respect nature!

S.v.p aidez ! Respecter la nature!

l'ouest de la riviere. Savez-vous combien de temps il faut pour qu'une canette en aluminium à se biodegrade? Les bouteilles de verre? Et plastiques? Juste une

canne d'aluminium peut prendre de 50 à 100 ans à se biodegrader. C'est un problème! Au nom de nos ressources naturelles, je demande de l'aide. **S'il vous**

plait ramasser vos déchets et respecter la nature. Pensez à vos enfants et vos petits-enfants. Voulez-vous qu'ils puissent continuer de bénéficier de nos ressources

naturelles ou voulez-vous qu'ils marche sur un dépotoire de déchets de ce qui était un beau ruisseau, un sentier ou une riviere. S'il vous plait respecter la nature!

Par **Kassandra-Anne Demers**

Je veux parler au nom de la terre mère. Je donne une voix à nos plantes, nos animaux, nos rivières et nos lacs. Je suis une jeune citoyenne de Chapleau, qui veut présenter un problème alarmant. L'autre jour, je sortais avec mon canoe vers l'ouest sur

la rivière de Chapleau vers le pont Austin. Je voulais profiter des sons merveilleux et la vue de la nature. A ma grande surprise, je trouvais de nombreux déchets sur les rivages de la rivière.

J'ai vu des sacs d'ordures tortiller sur les maisons de castor, j'ai amassé les canettes d'aluminium et plusieurs bouteilles de verre et en plastique, j'ai aussi trouvé un casque de sécurité, un vieux réveil matin et un gros récipient en plastique. N'oublions pas la chaise « lazy boy » qui flotte encore vers le fameux pont "S". Ce fut le résultat d'un sac à poubelle plein d'ordures ramassées à

Rotary Bingo for Haiti

On May 11, a group of generous folk gathered at the Community Hall to play Bingo and help local Rotarians to raise money to help the earthquake-devastated people of Haiti. The players took home \$2,701 and \$1,265.17 will be sent to Haitian Rotarians who are organizing assistance to three groups of victims: children, amputees, and the homeless. The Rotarians thank the bingo players and the volunteers who helped run the Bingo.

Chapleau Health Services in Search of New Board Members

Services de santé de Chapleau Health Services (SSCHS) is the integrated organization that governs and operates the Chapleau General Hospital, Bignucolo Residence, Turning Point – Adult Mental Health and Addictions, Cedar Grove, Foley Nursing Station, Chapleau Medical Clinic and several other community health programs. SSCHS is governed by a board of community

volunteers.

Why be a Board Member?

You've probably asked yourself this if you have ever been approached by a member of the SSCHS Board or read one of our ads for Board members in the newspaper. Most of us take the health services we receive in our community for granted. We believe that they will always be there and although you see all the media reports about funding

issues and deficits, we also believe that at the end of the day, we need it, so the government just has to provide it. Right?

Unfortunately, nothing could be further from the truth. The maintaining, and in some cases, the addition of new services when needed, is a constant challenge. This challenge is met by a dedicated group of volunteers (Board members) and SSCHS senior management. Otherwise the services we have come to take for granted would slowly slip away unnoticed with each budget cut. After all we are an isolated community, where out of sight is out of mind.

But I know nothing about health care.

A Board is not made up of health professionals but of

different individuals from the community who bring different abilities and strengths to the table. Together they provide set the strategic direction for the organization. Board members do not need to have an expert knowledge about the health care industry. What they do need is a set of skills that will assist them in making solid decisions about how best to utilize the health, human and financial resources available to our organization. It is the role of senior management to have an expert knowledge of the health care industry and to bring forward the issues, information and options to the Board members for overall direction.

What sort of commitment do Board members have to make?

Canadian Publications Products Sales Agreement #30183799

The Ontario Hospital Association provides an excellent description on the responsibility of directors (board members) – “Each director is responsible to act honestly, in good faith and in the best interests of the corporation and, in so doing, to support the corporation in fulfilling its mission and discharging its accountabilities.” You must make a commitment to come prepared to meetings having read your package, attend

monthly meetings, actively participate, make decisions in the best interests of the organization and be prepared to lobby community partners, health officials and politicians.

It is a very important role – it's your health care.

Who do I contact if I want more information?

You can contact Maria Doyon, Executive Assistant, SSCHS, at 864-3053 for further information.

Ian Macdonald and David McMillan share behind the scenes memories about 1181 Chapleau High School Cadet Corps including march into the river

Chapleau Moments

by Michael J. Morris

"1181 Chapleau High School Cadet Corps, General Salute, Present Arms," Company Commander Cadet Major Stanley Barty ordered at 1400 hours precisely, the Girls Bugle Band played, and the annual inspection and social event of the school year was underway 53 years ago on May 22, 1957 on the grounds behind the old school on Pine Street.

Following the

Doug Slievert respectively.

Ian Macdonald, who was Second in Command as Cadet Captain and David McMillan, the Company Sergeant Major, kindly shared some of their memories about the Cadet Corps from their time at CHS.

Ian explained that "the Cadet inspection included a drill exhibition by the Precision Squad and a

Cadet officers Stan Barty, Ian Macdonald, Neil Ritchie, David McMillan and Jim Hong headed for annual inspection of 1181 CHS Cadet Corps on May 22, 1957. Photo courtesy of Ian Macdonald and David McMillan.

salute taken by Central Command Area Cadet Officer, Captain H.G.L. Hutton, there was the inspection in line, and the march past followed by the demonstrations. Neil Ritchie was in charge of the precision drill while Bren l.m.g., first aid and rifle were headed by Cadet Sergeants Jim Evans, Roger Mizuguchi and

demonstration of how to dismantle and assemble a Bren Gun. CHS had a war surplus Bren Gun with the firing pin removed along with some extra ammunition clips and spare barrel. I think that the rifles that the cadets carried were standard army Enfields modified for 22calibre barrels. Target shooting was

part of the Cadet program."

In 1957 Neil Ritchie who headed the precision drill was taking Grade 13 in several annual stages, according to Ian, and "had earned a lot of seniority and was given the rank of Cadet Lieutenant Colonel which was the highest rank possible in Cadets. Usually a Cadet Lieutenant Colonel commanded a battalion rather than four platoons but we moved Neil up because it was the only way that the rest of us could be promoted up the chain of command."

Platoon commanders were Cadet Lieutenants Jim Hong, Lucien Bouillon, Leona Paquette and Naomi Mizuguchi while the bugle band commanders were Margaret Rose Payette and Mary Serre. Gail Leon was drum majorette.

Ian also recalled that CHS Principal George Lemon participated at the 1957 cadet inspection in full army uniform but John McClellan who had retired the year before did not appear in uniform although the Cadet Inspection and the Cadet movement was very important to him. Mr. Lemon had served in the Canadian forces in World War II and Mr. McClellan in World War I.

David McMillan recalled a humorous incident that apparently

The annual inspection of 1181 Chapleau High School Cadet Corps on the grounds behind the old Chapleau High School in 1957. Photo courtesy of Ian Macdonald and David McMillan.

occurred while Mr. McClellan was still principal at CHS. "There was a humorous incident that I have tucked away in my memory box that I often look back on and wonder if it was fact or folklore. At any rate, the Corps was out on the ballfield practising the march past, under Mac's watchful eye, in advance of the upcoming Inspection. For whatever reason Mac saw something he didn't like in the routine and took over temporary command with instructions not to deviate from the program until he gave the order.

What he failed to realize was that the Corps were facing north towards the River when he gave the 'Quick March' order immediately prior to being distracted by someone or something close at hand. By the time he returned his attention to the marchers, (the leaders) had led the troop into the River

between two boathouses and up to their waists in water. This was not an isolated incident by any means because I recall ending up behind the Public School on another occasion simply because marching orders were either not heard, understood or simply ignored."

Ian noted that "male Cadets wore a standard Canadian Army issue style khaki uniform with a woolen tunic and pants, web belt, spats, parade boots and khaki beret. This really wasn't much of a fashion statement so the decision was made to add a bit of panache and provide the cadet officers with white spats, web belt and a white lanyard. I can't recall how we managed to do that but it helped immensely." David added that two things came to mind about the uniforms: "their ability to create an itchy effect and retain heat on

those hot June days when we were in uniform on a dusty ballfield."

David also remembered that CHS had been designated a Signal Corps and "had a monstrosity of a main transmitter that I believe was referred to as the 4880 and if this is indeed correct, I have no idea as to why this number comes to mind after all these years. At any rate, it was set up inside the High School and groups of cadets would be scattered around the ball field with satellite radios attempting to transmit and receive messages with the base unit which, more often than not, was a futile and frustrating exercise."

Ian pointed out that the Cadet Inspection itself was only one of many official roles that the Corps participated in." Earlier in 1957, we participated in a sporting competition

Ian Macdonald and David McMillan share behind the scenes memories about 1181 Chapleau High School Cadet Corps including march into the river

Cont'd from P.3
with Terrace Bay High School. We were fully attired in our cadet uniforms and marched from the CPR station in Terrace Bay to their High School gymnasium. I remember being a bit concerned about damaging their slick hardwood floor. The gym floor at home really wasn't worth worrying about."

The CHS band usually led the parade at the Winter Carnival and also marched over to the CPR station when Governor General Vincent

Massey was passing through Chapleau.

The day did not end with the inspection and march around town as it continued as one of the annual major events in Chapleau community life. Activities moved to the Town Hall where the school's commencement, the Cadet banquet and dance were held.

The day's program noted that: "Along with the fine performance of the Cadet Corps, including the smart stepping precision squad, the

colourful bugle band and the various demonstrations, the students have illustrated their artistic talents through the decorating of the Town Hall and the organizing of the banquet itself."

In 1957, Thane Crozier was master of ceremonies while Stan Barty, the cadet company commander and students council president gave the response to the toast to the Cadet Corps. Bert Lemon's toast to the ladies was responded to by Nancy Honda.

At the commencement, school board member J.G. "Jiggs" Goldstein presented graduation certificates while Leona Paquette presented tabloid sports awards to captains of their respective teams who were Jim Hong, Naomi Mizuguchi, Ronald Morris and Dawn Goldstein.

The day ended with dancing to the music of Connie De Salle and his Orchestra from Sudbury.

The Cadet inspection and banquet

were a tradition long established at Chapleau High School and bring back inevitable memories. As I wrote this column so many fond memories of my years as a student at CHS returned, and I extend my sincere thanks to Ian Macdonald and David McMillan for taking the time to share their memories from 53 years ago when were members of 1181 Chapleau High School Cadet Corps. Balance Your Life Retreat – A Chapleau Success!

When Terry Black (owner of the Bridgeview Motel) and Kathleen Bouchard (owner of a local Spa business) started talking about planning a one day retreat they were unsure what to expect. They met once a week and agreed on a schedule of workshops using both their talents. Roger & Alison Perreault generously agreed to donate the use of the conference room at Aux Trois Moulins Motel. Advertising was done at the Rotary Trade Show, signs around town and on JJAM FM radio

station. The attendance was excellent. To begin with the group enjoyed listening to Terry talk about Balancing Your Mind, Body & Spirit through the illustration of a 3 legged stool. Each leg representing one of these sections of your life. Rita Doyle of the Aux Trois Moulins restaurant agreed to dress up one side of the restaurant with white tablecloths, candles and soft music. A delicious lunch was served with guests ordering off the menu. Beginner Yoga was the next workshop offered by Kathleen. The

group enjoyed some gentle stretching. The next workshop titled Mapping Your Future involved each person cutting out pictures and words from magazines and using crayons and markers to creatively piece together their future goals on Bristol board. Afterwards, Kathleen provided mini-massages. Then Terry led a small meditation. The day wrapped up with time for feedback and exchanging of email addresses. It truly was a sacred experience for all.

Terry and Kathleen are pleased with how this trial one

Kathleen Bouchard, Eileen McAdam, Ludie O'Hearn, Ethel Orton, Terry Black at the conclusion of Mapping Your Future Workshop.

day retreat went so they are planning a bigger full Weekend

Retreat in the Fall, hoping to attract not only locals but others

from out of town. Stay tuned for more details!

Our Lady of Fatima: Science Fair 2010

During Catholic Education Week, students at Our Lady of Fatima were proud to present and demonstrate their science skills in front of peers, guests, staff members and judges. We would like to thank Mr. Greg Knight and Ms. Miranda

Purdy for their support, interest and dedication to assign first and second places to the older divisions.

All projects were interesting, well planned and it was a hard decision for the judges. Participation certificates were issued to all the young

students: Our little scientists (JK/Gr.1) amazed the audience when they were able to formulate their hypothesis, and demonstrate their experiments. Congratulations to : Emlyn Parry, Saybrie Roy(a) and Daylen David for STAINS

ON OUR TEETH; Austin Parent-Richard, Gracie McLeod-Greig, and Amanda Jacasum for GOOP; Trista Cormier(a) and Joshua Martel for CATCH A RAINBOW.

On the other

sections, we had a tie for 1st place between Preston Saunders (Exploding Colours) and Gavin Parry (What chewing gum holds its flavour best) in Gr 2/4; secondplace was won by James Morin (Lemon Battery); Kodiak

Jolivet (Gr.8) received 1st place with his It's a Bird, It's a Plane, NO! It's SUPER EGG, and Justin Black(Gr. 8) received 2nd place with his Balloon Rocket.

Keep up the good work!

TEMPORARY LABOURER
\$18.38 per hour - 40 hours per week

Interested candidates may make application to fill the above position. The position is located at the Chapleau Cemetery on Highway 129. The position is responsible for all landscaping work in three municipal cemeteries, excluding grass cutting. Work is performed during the hours of 8:00 am and 5:00 pm, Monday to Friday. The term of employment is from June 14th to August 31st, 2010

Qualifications:

- Minimum grade 12 education or equivalent.
- Proof of current "G" driver's license.
- Landscaping experience an asset.
- References may be required.

Type written resumes will be received by the undersigned until Friday, June 4th, 2010 at 4:00 pm.

Putting Our Wood To Work: A New Model For Forest Tenure

By Michael Gravelle
Minister of Northern
Development and Mines

We all know the vital role that the forestry sector plays in Northern Ontario's economy.

I believe that all of us have a role to play in revitalizing this sector. We must make the bold decisions necessary to re-position our province as a global leader.

These important changes include modernizing and improving the tenure and pricing system for the long-term prosperity of our forest sector.

While some improvements and modifications have been made over time, the basic business model remains largely unchanged: that is, large companies holding Sustainable Forest Licences over large forest areas, and paying prices set by the

Province.

What we need is a system that meets the needs of the emerging forest sector. A system that is sensitive to the needs of the communities that rely on forest resources, is more broadly accessible, is more market based, and safeguards Ontario's world-class forest management system. Such a system would also support some of the key recommendations from northerners that have been incorporated into the Proposed Growth Plan for Northern Ontario.

Last August I launched a review of the forest tenure and timber pricing systems.

During those consultations we heard loud and clear that Ontarians want change. We also heard that they want a more active role in the management of their Crown forests.

That feedback has led us to develop a proposed new model for forest tenure in Ontario. There is no doubt that this is a bold move. If implemented, this proposed model would significantly change the way forestry is done in Ontario.

These changes would include establishing Local Forest Management Corporations (LFMCs). These corporations would hold a licence that requires them to manage Crown forests and competitively sell the available Crown timber.

Currently, existing licence holders, usually operating mills, have a broad array of forest management responsibilities, including forest management planning, harvesting, road construction and maintenance, and silviculture.

Under the proposed tenure framework, LFMCs, as the new licence holder, would be required to undertake these responsibilities. This new system would allow mills to put their focus on product innovation and marketing.

We realize that large companies may be concerned about long-term access to wood. In this model LFMCs would be able to provide short-, medium- and long-term contracts for wood supply. We would also put significant measures in place to ease transition to the new system.

Each of these LFMCs would have a board of directors with positions designated for local and Aboriginal community representation.

Decisions haven't yet been made on the size of the area each LFMC will manage. However, the area needs to be large enough for each one to be financially viable, yet small enough to provide for more local and Aboriginal involvement. We anticipate that between five and 15 LFMCs would be established.

We are also seeking to establish a system that is more responsive to market forces by generating greater competition in the pricing and allocation of Crown timber.

The overall

Chapleau Public Library wins the "Pimp Your Book Truck" contest at the OLS-North Annual Conference

At the annual Ontario Library Service North Library conference held in Sudbury, May 11 - 13 our "Chapleau Choo Choo" was the successful entry. The inspiration was the steam engine at the Chapleau Heritage Museum site. An assortment of books from DK Publishers valued at \$250 was the prize. Congratulations to Library staff, Gisele, Gail and Maureen and Library Board Member Doug Greig for a job well done. The steam engine is on display at the Library.

design objective is to promote the sale of timber to the right mill, at the right time, at the right price.

Of course, your input will be essential to this process. Details still

need to be worked out and we are relying on your thoughts to help us get there.

Make no mistake; this proposed model is a big change. That's why we need your

feedback more than ever. For information on consultations dates and locations, or to contribute online, please visit our website at: www.ontarioforesttenure.ca

THE LOCAL MARKET PLACE

CHADWIC HOME, FAMILY RESOURCE CENTRE

Offers shelter, emotional support, and information for women and their children who are in crisis situations. We have a Toll Free Crisis Line which is staffed 24 hours a day. We can arrange for free transportation to the Centre for women who live in the Algoma/Chapleau area. We also offer support to women who live in the communities of Chapleau, White River, Dubreuilville, and Horne-payne through our Outreach Program. Our Outreach Worker travels to those communities to meet with women who need emotional support as well as information about their rights and options. If you need to speak with the Outreach Worker when she is in your community, you can call the Centre at any time to set up an appointment. You do not need to be a resident of the Centre in order to use our services. If you need someone to talk to or if you just need someone to listen, call our Toll Free Crisis line at 1-800-461-2242 or you can drop in at the Centre. We are here for you.

Health Unit Reminds Pet Owners To Vaccinate Their Cats And Dogs Against Rabies

May is when we start spending more time outdoors, and chance encounters with neighbourhood pets and wild animals increase. It's also a time when we could come in contact with rabid animals. We should assume that rabies is always present in our wildlife and the possibility of a domestic animal becoming infected cannot be overlooked.

"Cats and dogs in the Sudbury & District Health Unit area must be vaccinated against rabies and have a current certificate of vaccination to protect both you and your family," said Carolyn Legge, an environmental support officer in the Health Unit's Environmental Health Division.

In 2009, in the Health Unit's service area, over 50

per cent of the bites from dogs occurred to children 10 years of age or younger. Sometimes these dogs are strangers, but more often they are family pets or the pets of close relatives or friends. Children can avoid these encounters by following some simple rules when around animals.

Do: 1. Always ask the owner's permission before touching a pet. 2. Always approach pets slowly and carefully. 3. Stay away from strays and wild animals. 4. Stay calm around animals. Don't scream. Stand still.

Don't: 1. Don't make loud noises around pets. 2. Don't bother a pet while it is sleeping or eating. 3. Never tease an animal. 4. Never try to help a hurt animal; get an adult to help.

By teaching your child how

to behave responsibly around animals, you will reduce the chance that your child will be bitten, and you will also enhance the relationship they have with their pet.

In 2009 the Health Unit investigated 260 animal bites or suspect rabid animal contacts. Human contact occurred in all of the cases and resulted in 44 people being vaccinated with post-exposure prophylaxis treatment.

Rabies is a virus that is fatal if you are infected and do not receive post-exposure prophylaxis treatment within an acceptable period of time.

If you come in contact with, or are bitten by any animal, immediately wash the wound with soap and water and get medical attention as soon as possible.

Scholarship Awards

Recipients for the Nursing Scholarship Awards were, from left to right, Kelsey Scheer, Mélissa Dionne and Sara Doyle. Missing from photo: Alicia Doyon.

Les Services de santé de Chapleau

Programme de bourses pour les étudiants dans le domaine de la santé

Les conseils d'administration des Services de santé de Chapleau Health Services (SSCHS) et la fondation de l'Hôpital Général de Chapleau (FHGC) désirent encourager les étudiants de Chapleau à faire demande à notre programme de bourses d'études qui offre de l'aide financière aux citoyens de Chapleau inscrits à certains programmes de santé. Nous avons le plaisir de présenter des bourses d'études à deux étudiants de la communauté pour la période académique 2009/2010. Alicia Doyon, Kelsey Scheer, and Sara Doyle étaient récipiendaires de la bourse d'étude pour le programme d'infirmière autorisé et Mélissa Dionne était récipiendaire de la bourse d'étude pour le programme d'infirmier auxiliaire autorisé.

Objet du programme:

Ces bourses ont pour but : 1) d'augmenter le nombre d'étudiants/résidents de Chapleau inscrits à un programme dans une de ces disciplines, 2) d'aider les personnes qui suivent déjà des programmes de personnel infirmier auxiliaire autorisé, de personnel infirmier autorisé, d'ergothérapeutes et de physiothérapeutes, 3) d'encourager les étudiants/résidents à revenir à Chapleau pour exercer leur profession. Des études ont montré que les personnes provenant de villes rurales et éloignées sont les plus susceptibles de revenir exercer dans ces régions. Par conséquent, en aidant nos citoyens, nous contribuerons à faire en sorte qu'il ait toujours suffisamment de personnel infirmier auxiliaire autorisé, de personnel infirmier autorisé, d'ergothérapeutes et de physiothérapeutes pour offrir des soins de première qualité dans la communauté de Chapleau.

Les bourses sont offertes pour un an seulement mais il est possible de présenter une nouvelle demande chaque année. Le montant dépend de la moyenne générale de l'étudiant :

Ergothérapeute/Physiothérapeute : 2 000 \$ - 4 000 \$
 Personnel infirmier autorisé : 1 000 \$ - 2 000 \$
 Personnel infirmier auxiliaire autorisé : 800 \$ - 1 500 \$

Les candidats doivent répondre aux critères suivants :

- Résider à Chapleau pendant au moins deux ans (les étudiants qui suivent un programme postsecondaire ailleurs sont quand même considérés comme des résidents de Chapleau).
- Être accepté dans un des programmes indiqués ci-dessus.
- S'engager à vivre et à travailler à Chapleau après l'obtention du grade.

Les demandes accompagnées de la documentation complète doivent être présentées d'ici le 9 juin. Aucune demande ne sera acceptée après cette date.

Tous les documents doivent être transmis à la Fondation de l'Hôpital Général de Chapleau, a/s Comité des bourses, C. P. 757, chemin Broomhead, Chapleau (Ontario) P0M 1K0.

Les renseignements détaillés et les formulaires de demande se trouvent sur le site Web des SSCHS à www.sschs.ca. On peut aussi les obtenir en appelant Natasha Comte au 864-3056.

Chapleau Health Services

Scholarship Program for Health Students

The Boards of Service de santé de Chapleau Health Services (SSCHS) and Chapleau General Hospital Foundation (CGF) would like to encourage qualified students to apply to our scholarship program aimed at providing financial assistance to Chapleau citizens enrolled in certain health programs. For the 2009/2010 academic term, we were pleased to present four students in our community with scholarships. Alicia Doyon, Kelsey Scheer, and Sara Doyle were recipients for Registered Nurse Scholarship and Mélissa Dionne was the recipient for the Registered Practical Nurse Scholarship.

The Purpose of the Program:

This scholarship is intended to: (1) increase the number of Chapleau students/residents enrolled in a one of the identified programs, (2) support those already attending registered practical nurse, registered nurse, occupational therapy and physiotherapy educational programs (3) and encourage students/residents to return to Chapleau to practice their profession. Studies have shown that people from rural and remote towns are most likely to return to practice in those areas. On the basis of these studies, supporting our own citizens will help to ensure that there will always be enough Registered Practical Nurses, Registered Nurses, Occupational Therapists and Physiotherapists to provide a high quality of health care in the community of Chapleau.

Scholarships are for one year only, however students may reapply each year. The amount is based on the student's overall average:

Occupational Therapist / Physiotherapist: \$2,000 - \$4,000
 Registered Nurse: \$1,000 - \$2000
 Registered Practical Nurse: \$800 - \$1,500

Applicants must meet the following criteria:

- Be a resident of Chapleau for a minimum of 2 years (Students already attending a post-secondary program are still considered Chapleau residents)
- Be accepted in one of the identified programs
- Be committed to live and work in Chapleau after graduating from the program

Applications with complete documentation must be submitted by June 9th. No application submissions will be accepted after this date.

All documentation should be submitted to the Chapleau General Hospital Foundation C/O Scholarship Committee, Box 747, Broomhead Rd., Chapleau, ON, P0M 1K0.

Full details and application forms can be downloaded from the SSCHS website at www.sschs.ca or by contacting Natasha Comte at 864-3056.
