## Chapleau High School Drama

By Rick Dell

It was a dark and stormy night west of Pecos. There was a body in the closet and the butler did it. It was an axe of murder and the egg and I were lagooned with Sherlock Holmes who had the shoes blues. Add a little larceny and old lace switching principles at crazy kampf and you might think you have bats in the belfry!

All this might make very little sense unless you played one of the 330 roles or were one of the 137 students who were back stage during one of the seventeen

productions by the Chapleau High School Drama Club over the past fifteen years. Yes, it has been fifteen years since the inaugural production of "There's A Body In The Closet". For most production groups this might not be such a big deal. For high school drama on the other hand it is. Each year, new people are involved and the learning process begins again. Each year, the most experienced actors and crew move on to fulfill their own destiny and leave gaps that are filled by others.

Over those years Mrs. Dell has directed. Occasionally she has had help. In 1997 a young girl came out to drama and took on the role of Ann (a blonde) in "Get Smart". Then, in 2003 Hilary Broomhead returned to help direct and, seven plays later, Hilary Arsenault is

helping direct "Dead Man's Chest". Between the two directors there are now many years of experience that the students can draw on.

Success in

drama can only be measured by the reaction of the audience. Over the past many years the people of Chapleau have been and continue to be a wonderful and supportive audience. Oh there have been times where roles had to be taken over at the last minute and those filling in for the parts actually carried scripts on stage. But, the show must go on, and go on they did. In return, the Drama Club has made many

donations over the years to charities, victims of tragic accidents and various clubs and organizations in the community.

On a "Dark and Stormy Night" in 1997, Dinner Theatre added a new dimension to the productions. Offering our audience a unique dining experience followed by the drama became a very important part of the presentations. Mr. Gouge and the hospitality classes

carry on the tradition trying to make the evening a bit more elegant each time.

Expectations of the upcoming production of "Dead Man's Chest" are that it will maintain the standards set by previous productions.

At press time, the Dinner Theatre on Friday, December 21, is almost sold out and there are hopes for a large audience the evening of Saturday, November 22. Check our posters for more information.

### Lest we forget!

Braving fairly cold weather, members of our community from the very young to the elderly attended the Remembrance Day Ceremony held at the Royal Canadian Legion. The naming of the fallen local soldiers from past conflicts starting with WW1, WWII, and the Korean conflict, was done by President Darryl Brunette with the help of Vice President James Apsey. This was followed by prayers and readings by Pastor Dan Lee. The wreaths were then placed at the base of the cenotaph by various organizations and businesses. The crowd was reminded to remember everyone who served in the past and present conflicts, including our soldiers now serving in Afghanistan.

The participation of schools, businesses and individuals of Chapleau is very important to insure that the memory of those who served and paid the ultimate sacrifice will forever be remembered, and that their memory will be revered and held in the highest esteem and respect.

## Some eco-friendly driving habits that will reduce your fuel consumption

NC/ • Plan and combine trips - Plan trips in advance and wherever possible combine them into one outing. An engine uses more fuel and produces more emissions when it's cold, especially in winter. Planning can allow you to avoid traffic congestion and reduce the overall distance your vehicle travels;

- Avoid aggressive driving - behaviours such as speeding, quick acceleration, and hard stops can increase fuel consumption by up to 39 per cent. Driving smoothly is safer and more fuel-efficient;
- Avoid unnecessary idling - Idling for over 10 seconds uses more fuel and produces more CO2 compared to

restarting your engine. Unnecessary idling for 10 minutes a day uses about 5 per cent more fuel over the year;

- Measure your tire pressure at least once a month - Inflate cold tires to the recommended pressure. The correct tire inflation information for your vehicle is usually indicated near the driver's door, in the glove compartment or in the owner's manual. For every 28 kilopascals (4 psi) of

under-inflation, fuel use increases by about two per cent. Properly inflated tires will last longer, make your vehicle safer to drive and save fuel;

- Lighten Your Load - Roof and ski racks, and heavy items in your trunk, decrease your vehicle's aerodynamics and add weight causing your vehicle to burn more fuel. Lighten your load by taking only what you need.

## TRIBUNE LIBRE

Au nom de la paroisse Sacré-Coeur je désire exprimer nos plus sincères remerciements aux deux ouvriers du service des Travaux publics qui sont venus dans le cadre d'une cueillette supplémentaire le Jeudi 6 novembre dernier.

La veille nous avons empilé une énorme quantité de boîtes, de sacs, d'articles ménagers, etc bref, toutes sortes d'articles non vendus qui s'étaient accumulés à la suite de ventes de garage et qu'il fallait faire emporter au dépotoir.

Puisque nous avons manipulé ces sacs et boîtes la veille, nous savons jusqu'à quel point ce travail exigeait beaucoup de

temps, d'effort et de voyages pour remplir le camion de la voirie. Les employés des Travaux publics ont accompli cette tâche de manière efficace, rapide et professionnelle.

Le travail fait par nos employés publics passe souvent inaperçu, mais ils méritent d'être reconnus pour tout ce qu'ils font pour la communauté. Nous tenons donc à les remercier pour le grand service qu'ils nous rendent.

Merci, monsieur l'éditeur, de nous accorder cet espace dans votre journal.

## LETTERS TO THE EDITOR

On behalf of Sacred Heart Parish I wish to express our deep appreciation to the two dedicated workers of the Public Works Department who came to pick up our church's second pickup, on Thursday, Nov. 6th.

The day before we had cleared out unsold items from several garage sales which amounted to a huge pile of boxes, bags, electronics, household items, furniture, etc. which had to be disposed of.

Having just handled the items ourselves the day before, we know how physically demanding

it was to get all this refuse into the town garbage truck. The Public Works employees did this in a professional, efficient and speedy manner.

So often our public servants go unrecognized for the tremendous service they do for our community. We wish therefore to express our appreciation for their work and dedication.

Thank you, Mr. Editor, for allowing me this space in your paper.

Father Jacques Fortin,  
Parish priest  
Sacred Heart Parish  
Chapleau ON

## OBITUARY

### Lafrenière, Mr. Anicet

Passed away at Bella Senior Care Residence in Niagara Falls, Ontario, on November 1, 2008, at the age of 85 years. Anicet, beloved husband of the late Yvette (1995). Loving father of Micheline, Suzette, Claude, Louise, Marielle, Joanne, and Carole. Loved grandfather of Gwen, April, Margaret, Lori, Pam, Jaime, Kyra, Kelsey, Paul, Mathieu, Ryder, Nathan, Clay, Christopher Kyle, Neil and Keith. Great grandfather of Lily, Aiva, Sienna and Colten. Brother of Lucien, Paul, Margot, Monique, Rita, and the late André and Julie.

A Funeral Mass was celebrated at Sacred Heart Church on Friday, November 7, 2008. Interment followed at Chapleau Municipal Cemetery. For those who wish donations to the Activation Unit of Chapleau Health Services would be appreciated by the family. For more information please call the Gilmartin Funeral Home, Wawa 1-800-439-4937

## OBITUARY

### BLAIS, Mrs. Cecile

Peacefully with her family at her side on Sunday, November 9, 2008, at the Chapleau General Hospital Long Term Care Unit, Cecile Blais went to join her husband Valois and four sons Baby Gervais, Yvon, Richard, Robert and one daughter-in-law Mary Jane (Yvon) in her place in heaven.

Cecile Yvonne (Vaillancourt) Blais, born on November 2, 1915.

She leaves behind her sons and daughters Ronald (Lurleen), Constance (Gilles), Rachel (George), Nicole (Rolly) Gabrielle (Jean Marc), Gisele (Reg), Micheline (Freddy), and Maurice (Nicole).

She also leaves behind a legacy of 30 grandchildren and 40 great-grandchildren. Cecile will be lovingly remembered by her many nieces and nephews.

A Funeral Mass was celebrated at Sacred Heart Church on Wednesday, November 12, 2008 with Father Jacques Fortin officiating. Interment followed at Chapleau Municipal Cemetery. Memorial donations made in Cecile's memory to the Chapleau General Hospital Activation Department, Canadian Cancer Society or to Sacred Heart Church would be appreciated by the family. We extend our gratitude for the kindness shown to our Mother by the staff at the Chapleau Long-term Care centre and to Pastor Dan Lee for his many hours spent with our Mother and for being there with the family at the end of her journey here on earth.

# Heating With Wood Makes Families and Communities Richer

By John Gulland

Chainsaws buzz and log splitters chug as people prepare next winter's firewood. Neighbours

get together, sharing truckloads of logs and the cutting and splitting into firewood. Its hard work but it is fun too and there are

smiles all around. The neighbours might even sit down with a beverage when the work is done and agree about how much money they save.

Some families buy their firewood already split so their work only involves stacking it to dry. They might spend \$250 for each cord (4'x4'x8'), the equivalent of almost \$600 in fuel oil, for a savings up to \$350 for every cord burned.

Outside town someone works in his woodlot, harvesting trees and processing them into firewood right on the spot. For this guy the cost of a winter's firewood is two week's work and a few gallons of gas for the saw, splitter and pickup truck. That's a pretty good deal compared to the roughly \$4,000 that oil heating would cost.

What if twenty households in this small town decided to

save money by heating with wood instead of oil? If they bought their fuel from the local firewood dealer their combined savings could be up to \$50,000. That is a lot of money not bled out of the town's economy, not to mention out of province or out of country. The firewood dealer earns an additional \$28,000, part of which he pays to his young helper. Each of the twenty households will have almost \$2500 more to spend around town this year.

The work involved in heating with wood is usually shared among family members. Everyone chips in to stack firewood, and managing the fire might be done by mom or dad, whoever is handy. The job of keeping the wood box full might be given to one of the kids. Once they've learned the ropes, teenagers are allowed to load the stove, as a sort of right of passage. And everyone takes part in the family debates on how to load the stove and set the control to get the right amount of heat, while making no visible smoke at the top of the chimney.

Minimizing smoke is how families show their concern for the environment and for their neighbours.

Heating with wood is more than a fuel choice, it is a lifestyle choice too. A household that heats with wood chooses to invest their labour in staying warm, which leaves more money in their budget for other things. The choice of wood heating also strengthens their local economy because their fuel purchase employs a neighbour instead of enriching a distant corporation.

The amount of economic activity related to wood heating is not trivial. At market prices, the value of firewood burned each winter across Canada is over \$2 billion. If all those households, most of them located in small towns and rural communities, burned fuel oil instead of wood, they would spend over \$6 billion for home heating. Wood heating makes these families and the communities they live in richer.

For more information visit the Wood Heat Organization web site at [www.woodheat.org](http://www.woodheat.org).

## Has Adoption Touched Your Life?

visit [www.ontario.ca/adoptioninfo](http://www.ontario.ca/adoptioninfo)

**If you were involved in an adoption in Ontario, you need to know about an important change to your information and privacy rights.**

Effective June 1, 2009, Ontario adoption records will be opened. This means adopted adults and birth parents will be given access to identifying information from birth records and adoption orders.

If the adoption order was made before September 1, 2008, adopted adults and birth parents can file a disclosure veto to prevent the release of the information.

If you want your identifying information to be kept private, **you should file a disclosure veto before June 1, 2009.**

No contact notices are also available.

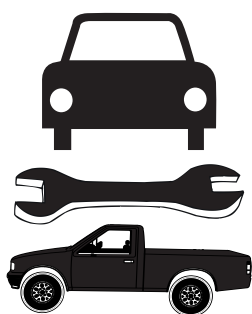

To learn more about your rights to information and privacy regarding adoption, visit [www.ontario.ca/adoptioninfo](http://www.ontario.ca/adoptioninfo) or call 1-800-461-2156 (TTY 416-325-3408).

## Annual Christmas "Tree of Lights"

The Chapleau High School Students' Council is once again having their annual Christmas "Tree of Lights" which gives everyone an opportunity to remember their loved ones (deceased and living) as well as friends and family members in a special way during this Christmas season. This 2008 Tree of Lights is being donated by Students' Council in honour and memory of the many volunteers in the community. The students' council will be sharing the proceeds with "Meals of Hope," which is a non-profit organization run by volunteers, operates a food bank that is open to everyone in the community regardless of

their religious affiliation; it also provides a free meal every Monday from 11:30 am to 1:00 pm for anyone in the community and accepts donations of good, clean clothing that

is in turn offered at no cost to those in need.

This tree will act as a symbol of unity between Chapleau High School and the community it supports,

wishing everyone Christmas peace, joy, and lasting happiness. Lights may be purchased for \$5.00 each from members of the Chapleau High School Students' Council who will be blitzing the town with donation forms. Students will be carrying their school ID cards and a card verifying that they are authorized to collect donations for the "Tree of Lights." Donations may also be mailed to Chapleau High School or made at the office at CHS.

The tree will be lit on November 28 at 8:45 a.m. at Chapleau High School with the entire student body participating in this year's lighting. Area residents are invited to join in the celebrations.

## 65 years and still in love...

On October 26, 1943, Alice and Lucien Leveille of Chapleau were united in marriage. Sixty-five years later and they are still in love! On Saturday, October 18, 2008 family and friends came from near and far to join in the celebration. In attendance were children Doris and Rosaire Fortin (Chapleau); Aline and Roch Bouchard (Chapleau); Anita and Leif Mamen (North Bay, ON); Norm and Uta Leveille (Goulais River, ON); Ron and Edith Leveille (Portage de la Prairie, Manitoba); grandchildren Mark and Candice Bouchard (Waterford ON); Rodney Bouchard (Windsor ON); Robert and Suzie Fortin (Chapleau); Derek and Melissa Bouchard (Chapleau); great-grandchildren Blair and Brooke Bouchard and Shyanne and April Fortin. Long time friend, Cecile Plourde, also accompanied Alice and Lucien for a special dinner held at Aux Trois Moulins restaurant, which was finished off with a delicious 65th Anniversary cake baked and donated by Giselle Robitaille.

I, \_\_\_\_\_, would like to purchase \_\_\_\_\_ bulb(s) at \$5.00 each in honour/memory of \_\_\_\_\_  
 Cash \_\_\_ cheque \_\_\_ money order \_\_\_ for \$ \_\_\_\_\_ is enclosed.  
 Return to: C.H.S. "Tree of Lights" P.O. Box 880, Chapleau, ON P0M 1K0  
 For more information contact Chapleau High School at 864-1452.

 www.sschs.ca**

# Safety blitz targets industrial workplaces

*McGuinty Government Committed To Eliminating Workplace Injuries*

As part of Ontario's ongoing efforts to help reduce workplace injuries, inspectors will be "blitzing" industrial workplaces over the next month to help eliminate specific hazards that could lead to falls.

Inspectors will look for fall hazards at heights, such as on any platform, raised floor, mezzanine or ladder. This will include checking for fall arrest equipment, guardrails and the use of inappropriate procedures such as climbing up shelving or working on storage racks. They will also check for proper use of portable, extension and step ladders.

For each violation, the court can impose a fine of up to \$500,000 against a corporation convicted under the Occupational Health and Safety Act. Individuals face a fine of up to \$25,000 or imprisonment of up to 12 months, or both.

This initiative is part of the province's new Safe At Work Ontario blitz strategy, announced on July 23, 2008. Keeping more workers safe means increased productivity for Ontario's economy and less strain on the health care system.

"Falls are a leading cause of workplace injuries

and fatalities," said Labour Minister Brad Duguid. "The McGuinty government and our workplace partners are working together to eliminate all workplace injuries. Blitzing industrial workplaces to prevent slips and falls will help us take a step closer to achieving our goal."

The Ministry of Labour compliance program that ran from

April 1, 2004 to March 31, 2008 reduced the workplace injury rate by 20 per cent, or more than 50,000 incidents.

Twenty per cent of workplace injuries are caused by slips, trips and falls. Twenty-seven per cent of the fatalities reported in industrial workplaces are the result of falls.

Because of this drop in the annual rate of lost time injuries, employers have avoided about \$5

billion in direct and indirect costs during the four years ending March 31, 2008. Reduced injuries also result in less strain on the health care system, and fewer workers off the job means increased productivity for Ontario's economy.

Ontario employs 430 full-time occupational health and safety inspectors.

SPECIALIST HIGH SKILLS MAJORS

Ontario high school students are now learning and earning credits in ways

**STUDENT SUCCESS PROGRAM**

you may never have imagined. With Specialist High Skills Majors—part of the Student Success Program—students can focus on a career path to match their skills and interests in sectors as diverse as health and wellness, landscaping, construction, and business, to name just a few. By making courses more relevant to students, kids get a better understanding

of a subject because they learn it in a real work environment. Each major is a

bundle of 8 to 10 courses, part of the overall 30 credits needed for graduation. Students learn on the job with employers, as well as in school. At graduation, they receive a specially designated diploma. To learn more about Specialist High Skills Majors and other programs like Dual Credits and Expanded Co-op, contact your school or visit [ontario.ca/studentsuccess](http://ontario.ca/studentsuccess).

ASK YOUR CHILD

**“WHAT DID YOU DO AT SCHOOL TODAY?”**

## New condenser installed at arena

This year the Chapleau Recreation Centre installed a new evaporative condenser. This component of the refrigeration equipment is important for the arena to make ice for the winter operation, so the various user groups can enjoy their favorite activities at the arena. This piece of equipment cost over \$51,000.00. The Mayor and Town Council thought this was an important investment for the community and approved this capital purchase for 2008.

# THE LOCAL MARKET PLACE

## CHADWIC HOME, FAMILY RESOURCE CENTRE

Offers shelter, emotional support, and information for women and their children who are in crisis situations. We have a Toll Free Crisis Line which is staffed 24 hours a day. We can arrange for free transportation to the Centre for women who live in the Algoma/Chapleau area. We also offer support to women who live in the communities of Chapleau, White River, Dubreuilville, and Hornepayne through our Outreach Program. Our Outreach Worker travels to those communities to meet with women who need emotional support as well as information about their rights and options. If you need to speak with the Outreach Worker when she is in your community, you can call the Centre at any time to set up an appointment. You do not need to be a resident of the Centre in order to use our services. If you need someone to talk to or if you just need someone to listen, call our Toll Free Crisis line at 1-800-461-2242 or you can drop in at the Centre. We are here for you.

**ALCOHOLICS ANONYMOUS**

**ENERGY CONSERVATION  
CHRISTMAS LIGHT EXCHANGE**

Chapleau Public Utilities Corporation in partnership with Collins Home hardware will be having a Christmas light exchange. Chapleau PUC will be giving one strand of outside LED seasonal lights per Chapleau PUC customer in exchange for two strands of your old seven watt Christmas lights and one CFL light bulb for 100 watts or more of incandescent light bulbs on a first come, first serve basis beginning November 17, 2008 at the Chapleau PUC office. The LED Christmas lights consume 80% less energy, last longer and the colors do not fade. The CFL 23 watt light bulb replaces a 100 watt incandescent light bulb and provides the same amount of light.

Working together we can all conserve energy.

**CONSERVATION D'ÉNERGIE  
ÉCHANGE DE LUMIÈRES DE NOËL**

La Corporation des Utilités Publiques de Chapleau en partenariat avec Collins Home Hardware auront un échange de lumières et de lumières de Noël. Chapleau PUC donnera un ensemble de lumières LED par clients de CPUC en échange de deux de vos vieilles ensemble de lumières de Noël de sept watt et une lumière CFL pour une lumière de 100 watt ou plus de lumière incandescente sur une base une base de premiers arrivés, premiers servis commençant le 17 novembre 2006 à l'office de CPUC. Les lumières de Noël LED utilisent moins de 80% d'énergie, durent plus longtemps et les couleurs ne décoloreront pas. La lumière CFL de 23 watt remplace la lumière incandescente de 100 watt et produit le même montant d'éclairage.

En travaillant ensemble nous pouvons tous conserver l'énergie.
